## SHOOTING FOR KOLAPORE CUP

**TROPHY CAPTURED  
BY MOTHER COUNTRY**

**Scores Made by Victorious Canadians in the Mackinnon Cup Competition**

(Special to the Times.)  
Bisley, Eng., July 8.—Shooting in the Kolapore Cup match is taking place to-day. The cup was won last year by Canada. The competition opens to teams of eight and is played at 300, 400 and 600 yards. The number of shots at each range is seven for each man. The first prize is the cup donated by the Rajah of Kolapore in 1871. A special commemorative silver bowl is given by the National Rifle Association to the captain, adjutant and each member of the winning team. A prize of £20 is also donated by the National Rifle Association and is awarded to the team, exclusive of the Mother Country team, which makes the largest aggregate scores in the competition.

**The Result.**  
Bisley, July 8.—(Later.)—The Mother Country won the Kolapore cup.

The aggregate scores of the teams competing for the Mackinnon cup, won yesterday by Canada, were: Canada, 1,567; Scotland, 1,523; Ireland, 1,492; England, 1,485; Australia, 1,473; Guernsey, 1,452; Malay Straits Guides, 1,448; India, 1,447.

At the 800-yard range the Canadian scores were: Sergeant Crowe, Guelph, 49; Private Clifford, Toronto, 42; Captain Forrest, Vancouver, 43; Sergeant Frechman, Hamilton, 49; Captain McHarg, Vancouver, 49; Captain McKie, Guelph, 46; Sergeant Morris, Bowmanville, 50; Sergeant Russell, Ottawa, 43; Private Steele, Guelph, 48; Sergeant Steck, Truro, N. S., 49; total, 563; individual possible, 50. The totals of the other teams at this range were: Australia, 529; England, 538; Scotland, 557; Ireland, 524; Guernsey, 510; Malay Straits Guides, 525; India, 523.

At the 900-yard range the Canadian scores were: Crowe, 46; Clifford, 45; Forrest, 48; Frechman, 48; McKie, 46; Morris, 42; Mitchell, 38; Russell, 44; Steele, 40; Steck, 44; total, 528. The scores of the other teams at the same range were: Australia, 521; England, 498; Scotland, 511; Ireland, 520; Guernsey, 495; Malay Straits Guides, 491; India, 519.

At the 1,000 yards range the Canadian scores were: Frechman, 49; Crowe, 44; Steck, 45; McKie, 41; McHarg, 39; Mitchell, 45; Russell, 44; Morris, 39; Forrest, 36; McKie, 36; Clifford, 33; Steele, 26.

## FIVE HOURS' FIGHT IN CONSTRUCTION CAMP

**Hungarians—Numerous Arrests  
Foreman—Attacked—Arrested**

(Times Leased Wire.)  
Olympia, Wash., July 8.—Deputy sheriffs to-day have rounded up a majority of the 50 men who fought a five-hour battle at the construction camp at Bayview & Fabert, on the Northern Pacific at Grand Mound yesterday afternoon.

Six Americans held off 500 Hungarian laborers in a pitched battle, which started when the American foreman attacked two of the foreigners who were stirring up trouble in camp.

The entire crew turned on the foreman, who ran to a steam shovel a half mile away, where five other Americans were working. The battle began with sticks and stones as weapons. A spectator brought word to Chehalis and a carload of deputies was sent to the scene. When they arrived they found several of the Hungarians unconscious and seriously hurt by flying stones and shovels. On the appearance of the armed men the Hungarians beat a hasty retreat into the forest, carrying most of their wounded with them.

## FUNERAL OF LATE CHIEF JUSTICE FULLER

**All Chicago Courts are Closed in Honor of His Memory**

(Times Leased Wire.)  
Chicago, July 8.—With all Chicago courts closed and the Chicago bar doing honor to his memory, the body of Chief Justice Melville W. Fuller of the United States Supreme Court, was buried in Graceland cemetery to-day. Preceding the burial a brief and simple ceremony was held at St. James Episcopal church, at which Rev. James E. Freeman officiated.

Justices McKenna, White, Holmes, Day and Lurton of the Supreme Court, and Governor Hughes, of New York, whose nomination to the Supreme Bench has been confirmed, attended the funeral. Most of the judges and well known members of the Chicago bar were present. A salute of 17 guns was fired over Justice Fuller's body.

A memorial service in honor of Justice Fuller will be held by the Chicago Bar association July 14th.

## WOMAN AVIATOR FATALLY INJURED

**BI-PLANE CAPSIZES  
DURING FLIGHT**

**Airship Falls 240 Feet and Baroness De La Roche is Crushed in Wreckage**

(Times Leased Wire.)  
Rheims, France, July 8.—Baroness De La Roche, a noted woman aviator, fell from her Voisin biplane at the international meet at Bethany, Plains today and was fatally injured. The Baroness fell 240 feet.

When the Baroness was removed from the fallen wreckage of the aeroplane, it was found that both her arms and both legs were broken and that she had sustained severe internal injuries. The woman had been flying ten minutes in the aerodrome when two aeroplanes started in playful pursuit of her. The pursuers whirled on either side of the Baroness and she became confused.

In trying to alight she pulled the wrong lever and her biplane turned over and fell straight to the ground. Scores of spectators rushed to the wrecked machine and pulled the Baroness from the debris of twisted framework and crumpled planes.

The Baroness sustained minor injuries last January in a flight at Mottreuil. Her previous experience, however, did not daunt her, and as soon as she was able to enter an aeroplane, she again took up the dangerous sport of aviation.

In February she went to Egypt and engaged in flights at Heliopolis, near Cairo.

Besides being an aviator, the Baroness excels in other sports, being a daring automobile driver, motor cyclist and horsewoman.

**CRUISE OF U. S. CADETS.**  
Training Squadron, Composed of Three Battleships Reaches Marseilles From Plymouth.

Marseilles, July 8.—The battleships Iowa, Indiana and Massachusetts, comprising the training squadron of the Annapolis naval cadets, arrived here to-day from Plymouth, England. The voyage was made without mishap and all the vessels reported clean bills of health. The warships are manned by future officers of the United States navy. The crews are made up of naval cadets with a sprinkling of seasoned petty officers and a few commissioned officers. The vessels are manned by cadets.

**BUYS ELEVATOR.**

Winnipeg, July 8.—The Manitoba elevator commission yesterday completed its first purchase of an elevator which is to be taken over and operated by and for the people. The elevator for which the purchase was completed is located at Gretna. Negotiations for several other elevators situated throughout the province are in progress and will likely be concluded to-day.

**LEAVES LARGE FORTUNE.**

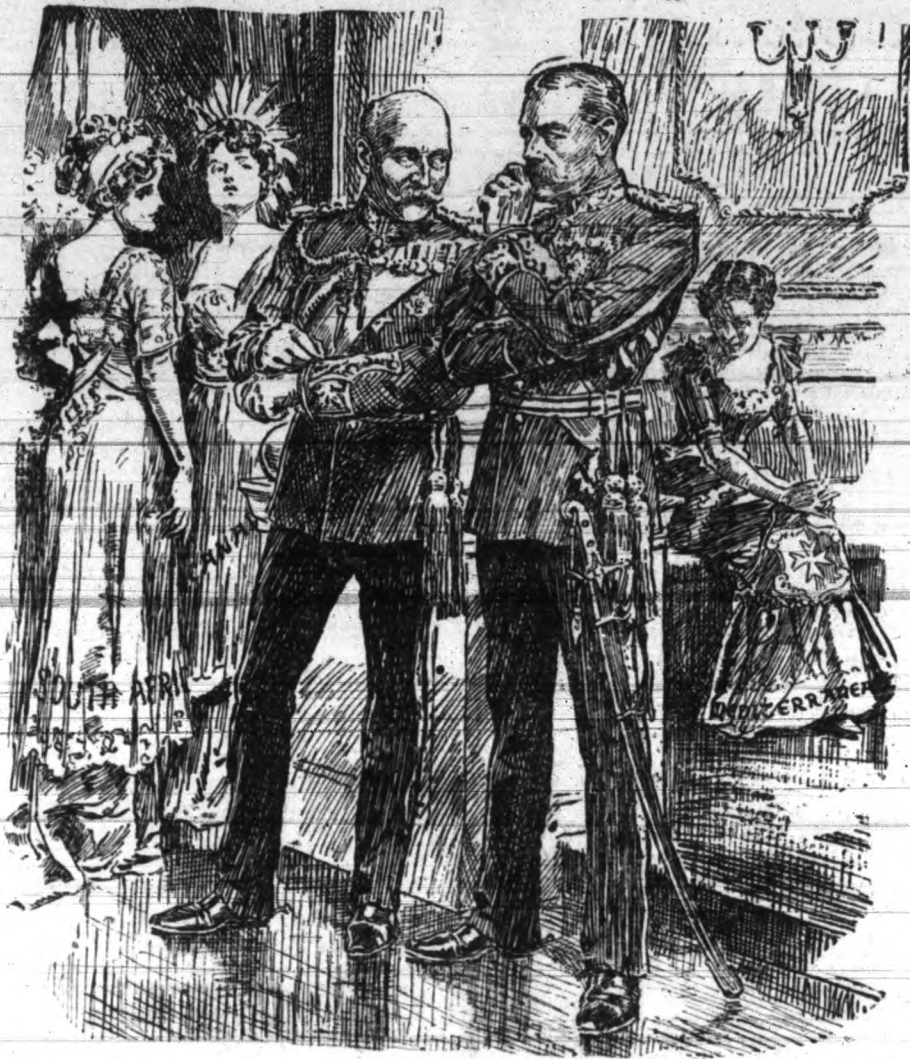

Toronto, July 8.—In the death of Eliza Anne Gwynn in this city a most picturesque character is lost. Miss Gwynn's father settled in the southwestern tract of this city many years ago and owned a great portion of what used to be known as Parkdale, south of King street. He left his property to Miss Gwynn, who had within the last ten years sold most of it at so much per foot and made a fortune in the process. Within three hundred yards of the industrial exhibition grounds is a huge oak tree that has been fenced in for years. It was under this tree that Miss Gwynn said good-bye to her fiancé, who was a British officer. He was killed shortly after and Miss Gwynn remained a spinster. She leaves a large fortune, although in secret she gave away large sums.

**TRADE INCREASES.**

London, July 8.—The June statement of the Board of Trade shows increases of \$14,624,000 in imports and \$5,888,000 in exports. The principal increase in imports was in raw materials. Manufactured goods showed the largest gain in the exports.

**GOLDWIN SMITH'S SUCCESSOR.**

Toronto, July 8.—Reuben Leonard, of St. Catharines, has been appointed a governor of the University of Toronto in place of the late Prof. Goldwin Smith. The six governors, whose terms of office expired recently, have all been re-appointed.

THE MALTESE WALL-FLOWER.

H. R. H. THE DUKE OF CONNAUGHT (aside to Lord Kitchener)—“Got my hands pretty full. You’re standing out, I see.”  
LORD KITCHENER—“Yes, sir. I might have had your late partner, Miss Mediterranean, but—well, you know what she’s like.”

## MR. BURWELL HAS COMPLETED HIS REPORT

**Special Meeting of Water Committee Summoned for Next Wednesday Evening**

H. G. Burwell, C. E., has completed his report for the city council on the Sooke Lake water proposition, and the same will be considered at a special meeting of the water committee, which Mayor Morley has summoned for next Wednesday evening. It is understood that Mr. Burwell's report is adverse to the whole proposition. He estimates that it will cost \$30 a foot to bore a tunnel for a pipe line through the Sooke hills, and this price, it is admitted on all sides, is prohibitive. Some few days ago Angus Smith, city engineer, went to Sooke lake and made an aerial survey of the country lying between the lake and Leech river. This data has been furnished to Mr. Burwell.

**TRADE INCREASES.**

London, July 8.—The June statement of the Board of Trade shows increases of \$14,624,000 in imports and \$5,888,000 in exports. The principal increase in imports was in raw materials. Manufactured goods showed the largest gain in the exports.

**GOLDWIN SMITH'S SUCCESSOR.**

Toronto, July 8.—Reuben Leonard, of St. Catharines, has been appointed a governor of the University of Toronto in place of the late Prof. Goldwin Smith. The six governors, whose terms of office expired recently, have all been re-appointed.

## TO INVESTIGATE SEAL INDUSTRY

**U. S. CABINET MEMBERS  
GOING TO ALASKA**

**Secretary of Commerce Nagel Will Devote Attention to This Question**

(Times Leased Wire.)  
Washington, D. C., July 7.—Attorney-General Wickersham and Secretary of Commerce and Labor Nagel will start July 16th on a tour of inspection in Alaska, according to announcement here to-day. They will be gone six weeks. Wickersham will investigate conditions in general and Secretary Nagel will confine his attention to the seal industry. Under the supervision of the government, many thousands of seals are being slaughtered in northern waters. It is reported.

**DECLARED EJECTED.**

(Special to the Times.)

Winnipeg, July 8.—Hon. J. H. Howden was declared elected by acclamation for University of Manitoba to-day, by Judge Mathers on a technicality in filing the papers of Davis, opposition candidate, on nomination day.

## PHENOMENAL PLAYING BY GOLFER LYON

**Equals His Own Amateur Record in Open Championship at Lambton**

(Special to the Times.)

Toronto, July 8.—Dan Kenny, professional of the Buffalo country club, making his first appearance at the Canadian meet, headed a list of twenty-six competitors in the first 36 holes of the open championship played at Lambton yesterday. Kenny was in front in the morning round with a score of 74 and retained his position with 75 in the afternoon, giving him an excellent 119 for the first 36 holes. Close at heels of the young Scotsman is Geo. S. Lyon, runner-up in this year's amateur championship. Lyon was a tie for fourth place with Locke, of Rosedale, at the end of the morning round, his card showing 78. Between Lyon and the leader were J. Munro, formerly assistant to Percy Barrett, at Lambton, and now with the Warren club, who had 75, and Charlie Murray, of the Royal, Montreal, who had 78. Playing phenomenal golf in the afternoon Lyon equalled his own amateur record for Lambton course, turning in a card of 71, three better than bogey. It was a wonderful performance for a man of fifty-two years of age who had just come through a strenuous week of golf. The result of it was to bring Lyon up from fourth place to second, jumping over the heads of J. Munro and Charlie Murray, and being now only one stroke behind Kenny.

## FOREST FIRES RAGE IN MICHIGAN

**HUNDREDS OF PERSONS  
FLEE FROM HOMES**

**State Authorities Will Send Assistance—Much Valuable Timber Has Been Destroyed**

(Times Leased Wire.)  
Lansing, Mich., July 8.—Hundreds of persons are fleeing to-day from forest fires which threaten the towns of Ripley, Powers and Greenwood, in northern Michigan, according to reports received here.

Many settlements have been destroyed by the flames. Appeals for aid have been received, and the state authorities are preparing to send fire fighters and supplies to the stricken district.

A cloud of smoke from the flaming timber is spreading over southern Lake Superior and endangering navigation.

**Fires Spreading.**

Houghton, Mich., July 8.—Fierce forest fires are raging throughout this section to-day. A fire which smoldered two days sprang up late last evening and swept over a square mile of forest near the village of Hancock.

Grass fires are burning near Ontonagon, 45 miles west of Calumet. Scores of homesteaders, according to messengers from Calumet, have fled from their homes.

Damage aggregating hundreds of thousands of dollars has been done to standing timber, and many settlements have been threatened with destruction in the northern peninsula.

**Camps Destroyed.**

Port Arthur, July 8.—In spite of improved weather conditions reports are still coming in that bush fires are burning. The total damage cannot be estimated, but it will run into hundreds of thousands for the district alone. In addition to this is the personal loss sustained by settlers and contractors in the destruction of barns, houses, hay, logs, ties, timber and a number of horses.

From Ombabika, on the line of the National Transcontinental railway, Chief Fire Ranger Bliss reports the following damage by forest fires:

Pembick Contracting Company at Trout Lake, two camps destroyed, one powder house with much powder and dynamite.

Anderson & Mann, contractors at Tunnel Lake, two camps burned, team of horses suffocated, all supplies burned.

Harvey & McCaskill, contractors, storehouse and \$30,000 in supplies burned.

Nepigon Construction Company, camp No. 4 burned.

At Camp Creek, camps of Simmons and of Murray & Co. destroyed.

Fire rangers in O'Connor and Conmee townships have also compiled lists of losses by settlers. These number twenty-five individual losses running as high as \$3,000. Most of these men are wiped out entirely and must start over again.

**WILL AID RELEASED CONVICTS.**

San Rafael, Cal., July 8.—William B. Bradbury, millionaire ex-convict, is making good his promise to assist released first term convicts. He is planning to go to Santa Rosa to-day for the purpose of assisting an ex-convict who is in jail there on a petty charge.

Bradbury called at San Quentin penitentiary late yesterday and offered Warden Hoyle \$2,500 to be used as a fund for aiding released convicts. This was the amount promised by the aged millionaire when he was released from the prison one week ago after serving ten months for perjury. Warden Hoyle declined to take the money, saying he had no authority to do so. He promised to lay the matter before the prison directors at the next meeting.

## ROOSEVELT TO ASSIST SENATOR

**COMES OUT FOR  
PROGRESSIVE MOVEMENT**

**Former President to Speak in Indiana on Behalf of Beveridge**

(Times Leased Wire.)  
Indianapolis, Ind., July 8.—There will be a tail to the comet when Colonel Theodore Roosevelt flashes across the Indiana political horizon on a speech-making tour in behalf of Senator Beveridge.

Democratic political leaders in Indiana have been awaiting with considerable apprehension the announcement that Roosevelt is to invade Indiana, and for some weeks past have been figuring on plans to counteract the effect of his coming, should he decide to assist Beveridge. As a result it is practically decided that the Roosevelt tour will be followed immediately by a speech-making round of the state by Governor Marshall, who will plead the cause of John W. Kern, Bryan's last vice-presidential running mate and the man who aspires to Beveridge's toga.

To an outsider this may sound like attacking a battleship with bow and arrows, but to Hoosiers it is a different matter. Marshall was forced into a governorship against his own wishes by the Indiana Democratic machine, which was in desperate need of a compromise candidate. Marshall responded by ignoring and almost disrupting the Indiana Democratic machine, and giving the state a splendid non-partisan administration. As a result he has achieved tremendous popularity and has been mentioned frequently as a 1912 presidential possibility. He has studiously avoided the limelight, but it is believed that if he sets out on the trail of Colonel Roosevelt, to many of whose policies he is violently opposed, the fire will fly.

Despite this, the announcement that Roosevelt is to enter the lists here was most unwelcome news to the Democratic organization. The colonel has a tremendous popularity in Indiana, where the insurgent movement is rapidly gaining in strength, and the fact that he has apparently decided to come out flat-footed for the progressive movement will intensify his popularity, it is said.

(Continued on page 16.)

**ROCKFELLER'S BIRTHDAY.**

Cleveland, O., July 8.—John D. Rockefeller to-day obtained his 71st birthday at Forest Hill, his summer home. The celebration was confined to the simple offer of congratulations by the immediate members of the family.

## MONTREAL LACROSSE TEAM'S TRIP TO COAST

**Players Who Will Try to Win the Minto Cup Are in Fine Condition**

(Special to the Times.)  
Fort William, July 8.—The Montreal Lacrosse Club, en route to New Westminster in search of the Minto Cup, passed through here this morning. The players are all wearing a special uniform provided for the trip consisting of red and blue sweaters, white caps bearing a small winged wheel and white shoes. They look like a university foot-ball team and appeared to be in fine condition.

In conversation with a member of the executive it was learned that the trip so far has been very pleasant and that the team was being kept in physical training work. Hogan is improving and will likely be in condition to play the first cup game. They play in Winnipeg to-morrow.

## BRAVE WOMAN

**SAVES TWO LIVES**

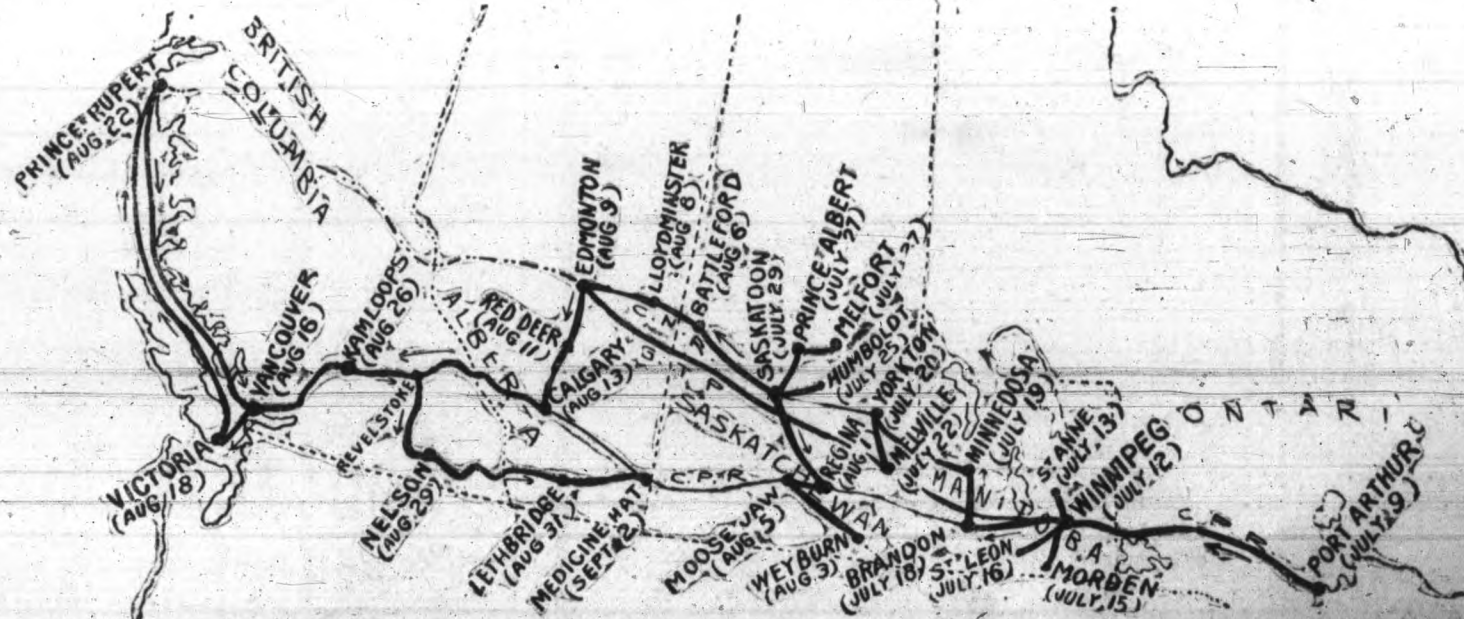

**Rescues Her Husband and Son From Their Burning Home in Seattle**

(Times Leased Wire.)  
Seattle, Wash., July 8.—Mrs. J. Fuller picked up her helpless husband from his sick bed and carried him to safety from their burning home at Sanders street and Rainier Boulevard early this morning, after the house had been set afire by the explosion of an oil lamp.

Dashing back into the burning building, she hurried upstairs to awaken her 12-year-old son William, who weighs over 200 pounds. The boy was asleep. She aroused him, but the flames had cut off their escape by the stairs. Mrs. Fuller made the boy leap from a window and she jumped after him. She and the boy, despite his unusual weight, made the drop safely. The house was completely destroyed.

**TEACHERS' TOUR.**

Montreal, July 8.—The party of 100 Manitoba school teachers arrived here last night by the C. P. R. special on time and boarded the Allan line steamship Virginia, which sailed to-day. It is the largest individual party that has ever sailed from this port. The trip has gone so far without mishap.

### EIGHTEEN HOUSES DESTROYED.

Milwaukee, Wis., July 8.—Forest fires are raging in Western Wisconsin, according to dispatches received here to-day. The flames already are dangerously close to Eau Claire, a city in Eau Claire county, and the fire department has been ordered to remain in readiness to fight the flames. The fires have reached Thorpe, where 18 houses were destroyed. Rib Lake,

Omega and Chelsea are in momentary danger, while the property loss at Prentice amounts to more than \$100,000.

### COMMITTED FOR TRIAL.

(Special to the Times.)  
Toronto, July 8.—Dr. B. E. Hawke was committed for trial and admitted to bail in the police court to-day on a charge of performing a criminal operation.

## Over 2000 Bell Pianos In Over 2000 British Columbia Representative Homes

### CHESLAKEE COMING.

New Vessel for Union Steamship Company Left for This Coast.

The new steamer Cheslakee, which will augment the fleet of the Union Steamship Company of Vancouver, has left Dublin and is now on her way to this coast. She was built by the Dublin Dock Company, and had her trial run last month. Her length is 132 feet, breadth 23 feet, molded depth 17 feet, 9 inches, and her guaranteed speed is 11½ knots, which she easily exceeded on her trial run.

H. S. Stone, secretary of the Y. M. C. A. at Portland, Ore., is addressing the board of directors of the local association this afternoon in the temporary quarters, Blanchard street.

City workmen are engaged in filling in with a cement walk the southern corner of the causeway. The widened walk leading from the causeway to the C. P. R. offices is proving a great convenience to pedestrians.

To-morrow the annual excursion of the Sunday school of the Church of Our Lord, will be held at Sidney. Trains will leave the V. & S. station at 8 a. m. and 3.30 p. m. Contributions of refreshments, etc., will be received at the schoolroom this afternoon between 7.30 and 8.30.

Most of the houses at the rear of the parliament buildings which were sold at auction the other day have either been removed or demolished. The site is rapidly being cleared, save for the drill hall, arrangements for the disposal of which have not yet been made.

According to a news dispatch received from Prince Rupert to-day, J. Delgrove, the discoverer of the rich mines at Stewart, recently reported, is on his way to Victoria, travelling by the Prince Rupert, which is due at this port to-morrow evening. C. N. Tubman, of this city, is interested with Mr. Delgrove, in the discovery.

Ian St. Clair started his course of instruction in swimming at the Gorge park on Monday last. Conditions now being so favorable there has been a very good attendance. Beginners' classes are held in the forenoon—boys from 9.30 to 10.30, girls from 10.30 to 11.30, private school pupils from 11.30 to 12.30. Classes will be formed next week for advanced pupils, in the afternoons.

St. Barnabas church Sunday school picnic will be held at Goldstream to-morrow. Tickets will be good on the regular trains, leaving at 9 a. m. and 4 p. m. A special train will be provided for the return, leaving Goldstream at 8.20 p. m. There is a lengthy programme of sports to be run off. Refreshments will be sold at a refreshment tent by the ladies of the church to those who do not wish to bring a basket.

The members of Court Maple Leaf, A. O. F., held their first annual picnic yesterday afternoon to Foul Bay. The affair, in the hands of a very competent committee, proved most successful and was thoroughly enjoyed by all who attended. One of the most interesting features of the evening was a beauty contest for ladies and gentlemen. Mrs. A. Green was awarded first prize in the ladies' contest, with Miss Flora Noble second, while in the gentlemen's contest George Morgan was the fortunate winner, with W. J. Gower second. Miss Dorothy Quaintance was awarded first prize in the baby show. In the button sewing contest for gentlemen only, Mr. Reid won first prize and Bobby Osborne second, while in the hammering nail contest for ladies only Mrs. A. Jennings won first, with Mrs. Noble, sr., second.

### CONCILIATION BOARD.

(Special to the Times.)  
Ottawa, July 8.—Intercolonial railway telegraphers have applied for a board of conciliation in connection with the dispute as to hours, wages, etc.

### TWO KILLED IN WRECK.

Nashville, Tenn., July 8.—Conductor Knight and Fireman Lindsay were killed and Engineer Stephens was injured to-day in a wreck of a west-bound freight train near here.

## TOUR OF TECHNICAL EDUCATION COMMISSION

Members Will Visit Western Provinces Before Close of the Year

(Special to the Times.)  
Ottawa, July 8.—The National Technical Education Commission decided to-day to hold the first session of the inquiry in Halifax on July 17th, and will remain in the Maritime provinces until August 24th. From there the members will go to Toronto, returning to the province of Quebec on September 15th. They will visit Ontario again on October 6th and ending November 16th, when they will go to the western provinces. They expect to conclude the Canadian tour early in January, after which they will go to the United States, visiting San Francisco, Chicago and other important industrial centres. They will go to Europe in August, 1911.

### CONVICT ESCAPES.

New Westminster, July 8.—Two penitentiary prisoners, Nos. 23 and 182, while working in a gang of four in a potato field, under guard J. R. Smith, made their escape about 9 o'clock yesterday. The guard gave chase and captured one of the men, but the other is still at large.

Every guard that could be spared from the penitentiary was put on the trail of the convict, and every avenue of escape for many miles around has been closed. The warden believes that No. 23, the man still free, will be captured before night.

The prisoners were engaged in hoeing potatoes when the escape occurred. All were good conduct, short-term men. Suddenly the two began to run in opposite directions. The guard ran on them, but they continued running after a short chase and brought him back without resistance, but the other used the opportunity thus given to make good his escape.

Both men were sent down from Vancouver about a year ago for three years for robbery. Both were men of exemplary conduct in the penitentiary.

### ALLEGED PERJURY.

Charge Arises Out of Action Over Furniture at Vancouver.

Vancouver, B. C., July 8.—At noon to-day Thomas W. Phillips was arrested on a charge of perjury. The charge arose out of the case of the Shelton Furniture Company vs. Helen Simon, an action to recover moneys from the defendant for furniture alleged to have been purchased by her. The case was heard before his Honor Judge W. W. B. McInnes.

The defence maintained that Helen Simon had not bought the goods referred to, but that they had been purchased by Phillips and given to her as a present. This Phillips strenuously denied, and swore that the woman, however, were introduced who swore that the Simon woman had told them that the goods had been given to her as presents by Phillips.

One of the witnesses produced a pencil memorandum in Phillips' handwriting which showed that he was the purchaser of the goods. Phillips swore that he had never given Mrs. Simon any memorandum at all, and Simon any memorandum at all, and that what was produced was not in his handwriting. He also denied that he had taken the memorandum produced from his coat pocket.

### ACTION DISMISSED.

(Special to the Times.)  
Toronto, July 8.—Police Magistrate Kingsford this morning dismissed an action against Postmaster W. B. Logan for the dismissal of McIntosh, the letter carrier, because he went to the militia camp at Niagara, on the ground that McIntosh had volunteered without first securing permission, and in spite of the fact that McIntosh had been expressly engaged to fill a vacancy.

### EMPLOYEES SUSPENDED.

(Special to the Times.)  
Ottawa, July 8.—Four more employees of the printing bureau were suspended to-day for lending money.

### LADY LAURIER.

(Special to the Times.)  
Ottawa, June 8.—Lady Laurier, accompanied by Hon. L. P. Brodeur and Mrs. Brodeur, will leave for Banff in a week or ten days. She will remain there until Sir Wilfrid Laurier's return from Western Canada.

### BURIED IN WELL.

(Special to the Times.)  
Fergus, Ont., July 8.—Jesse Edwards, aged 30, was buried in a well which he was digging at Bellwood this morning. There is little hope of getting him out alive.

### NEW YORK STOCKS.

(Times Lease Wire.)  
New York, July 8.—Sharp gains were made in the leaders in the stock market to-day and a better tone was felt by the general list. The bulls were busy and the market experienced a gradual uplift early. A few stocks declined shortly before noon.

American smelting, General Electric and Colorado Fuel rose ½, ½, St. Paul, Reading and Rock Island, 2; Atchafson, 2½ and Union Pacific, 2½. Later, Union Pacific jumped 2; Reading, 2½; Southern Pacific and Consolidated Gas went up 2; Northern Pacific and Northwest, 1½; Westinghouse Electric declined 1; Bonds were steady.

### WILL EXHIBIT CANADIAN WHEAT

(Special to the Times.)  
Ottawa, July 8.—Canada is to have an exhibit of wheat at the exhibition of wheat products to be held at Marseilles, France, in September.

## RAID BY OFFICERS STARTS FATAL RIOT

Detective is Killed—Mob Chases Comrades Who Are Besieged in Hotel

Newark, Ohio, July 8.—In rioting which began when 25 detectives started out to find blind tigers here, Detective William Howard, of Columbus, was shot and instantly killed to-day. The officers became involved in a fight soon after their attempted raid began. A mob gathered and after shooting and yelling at the detectives, chased them to the Warden hotel, where the officers are now besieged.

### DIED.

MARRION—Arthur Marrion, a native of Crofton, Surrey, on the 6th inst., aged 52.  
Funeral will take place from the family residence, 1045 South Yates street, to Ross Bay cemetery, on Saturday, July 9th, at 2 p. m. Rev. Thos. Gladstone will officiate.

### TOO LATE TO CLASSIFY

COME ROUND AND TALK IT OVER at the Fairfield Office, 1124 Fairfield road, some evening. Office always open. Jy11

## VETERANS' RESERVE FORCE ADVOCATED

Thousands of Former Soldiers  
Are Ready to Enroll in Pro-  
posed Corps

London, July 8.—The organization of a veterans' reserve corps, of veterans in the British army whose ages range between 35 and 55, is now being advocated.

St. Leo Strachey, a magazine editor, issued a call for volunteers to get a tentative basis to work upon. Twenty-five hundred veterans of the British army responded. They declared themselves physically able and ready to serve in the "veterans' reserve force."

Hon. R. Haldane, secretary of state for war, found that in the British Isles there were 250,000 men eligible to join the special forces. Official action may be taken by the war office.

## SEEKS DIVORCE AND ALIMONY.

Man 75 Years of Age Brings Suit Against Wife at Seattle.

Seattle, Wash., July 8.—A guardian, a divorce and \$50 a month alimony to the husband, are the demands of Pierce Fitzgerald, 75, in a suit on file in the superior court. The court has ordered Mrs. Eldora Fitzgerald to appear and show why she should not be required to pay for her aged husband's support.

The couple were married in August last year. Fitzgerald states that he was a life-long bachelor, engaged in quiet literary pursuits, until he met his wife, who immediately took charge of him, married him and required him to turn over to her all of his property, amounting to about \$10,000.

Since then, he tells the court, he has been sleeping in the hall and having pocket money doled out to him by his wife. To make matters worse, Mrs. Fitzgerald's divorced husband boarded at the home until June 17th. The court is asked to appoint O. H. La Forge as guardian of the estate of the husband.

## OIL COMPANY AGREES TO PAY \$75,000

Waters-Pierce Concern Arranges  
for a Settlement of Suit in  
Oklahoma

End, Okla., July 8.—By confessing judgment and accepting a fine of \$75,000, the Waters-Pierce Oil Company, a Standard Oil subsidiary, yesterday settled the suit pending against them in the state of Oklahoma.

The suit was filed under the anti-trust and corporation laws. The Waters-Pierce company decided to fight the suit and there were a number of preliminary motions. After it was evident that the case would go to trial, the attorneys arranged for a settlement.

The result of the suit is the third heavy legal blow against the Waters-Pierce company in the past few months. It has been ousted from Texas, where its physical property was sold at a state receiver's sale and a heavy fine was paid. It was fined in Missouri and ousted from the state for violation of the anti-trust law.

## CHARGES DISMISSED.

Washington, D. C., July 8.—Secretary of Commerce and Labor Nagel has dismissed as unwarranted the charges by Samuel Gompers, president of the American Federation of Labor, that the immigration officials in Hawaii were negligent in their duties. Gompers charged that the officials maintained a system of penance.

## NEW YORK INVESTIGATION.

Mayor Will Rule on Findings of Committee Which Inquired Into Fire Chief's Conduct.

New York, July 8.—Mayor Gaynor announced yesterday that he will look personally into the findings of the committee which has been investigating the conduct of Edward F. Croker, chief of the New York fire department, in a recent fire in which two firemen lost their lives.

The report of a majority of the committee is said to be hostile to the chief, but the mayor will rule on the evidence in the report and not on the findings of the committee members. Chief Croker, himself a member of the committee, will file a minority report. The chief has enemies in the department, but he has also strong backing with the chamber of commerce, the New York board of fire underwriters and the Manufacturers' Association.

## JAPANESE ACTIVITY IN SOUTHERN MANCHURIA

Mines at Fushan Acquired by the  
Portsmouth Treaty Will Pro-  
duce 7,000 Tons Daily

Berlin, July 8.—Baron Mumm von Schwarzenstein, the German ambassador to Japan, who has returned from a tour of investigation in Korea and South Manchuria, records among other remarkable evidences of Japanese activity that 2,500 tons of coal are being taken daily from the Fushan mines, which Japan acquired by the Portsmouth treaty.

Three shafts had been sunk into a coal seam 140 feet thick when the ambassador visited the mines. Two others are nearly ready, and a total production of 7,000 tons per day is expected.

Baron Mumm says that the Antung-Mukden railroad, of 170 miles, which is being converted from a military narrow road to the normal gauge, will be finished in the autumn of 1912. The Korean government is paying six millions for the construction of a bridge across the Yalu, near Antung. The line has 183 bridges and 21 tunnels.

## POSTAL SAVINGS-BANKS.

Chicago, Ill., July 8.—Postmaster General Hitchcock, who was in this city yesterday, expressed the opinion that no postal savings banks can be established before January 1st, 1911. He made this statement during a conversation with Postmaster Campbell, who requested that one of the first banks be placed in operation here.

## MADAM MELBA'S TOUR.

London, July 8.—Madame Melba is looking forward with keen pleasure to her Canadian tour, which opens at Halifax on September 1st. Albert Queen, the French-Canadian tenor, who has won distinction in Europe, goes with her. Maurice Lafarge, the eminent French artist, will be her accompanist. The increasing supremacy of the great Australian singer is causing scenes of great enthusiasm at

Covent Garden, where, on the days of her appearances, great crowds stand in queue from noon.

## FIGHT PICTURES UNDER BAN IN ONTARIO

Provincial Cabinet Passes Order  
Prohibiting Reproduction of  
Prize Fights

Toronto, July 8.—Moving pictures of the Jeffries-Johnson fight will not be seen in the province of Ontario. An order-in-council was passed at a meeting of the provincial cabinet yesterday afternoon prohibiting the exhibition of prize fight moving pictures in Ontario. This will apply to all prize fight pictures, but is aimed particularly at the Jeffries-Johnson series.

## RUSSO-JAPANESE RELATIONS.

St. Petersburg, July 8.—The Novoe Vremya, in a leading article, expresses great expectations from the Russo-Japanese convention. The Novoe Vremya considers it a foundation for stable peace in the Far East, serving as a barrier against the encroachments of outsiders in that sphere. Russo-Japanese neighborly relations relieve Russia and Japan of the burden of heavy armaments, enabling Russia to complete the Amur railroad and continue colonization on a vast scale.

### FRITONS AND "COLONIALS."

Our brothers in Great Britain have not overcome a habit or a characteristic which the late Mr. Thackeray dealt with somewhat scathingly in his tale of The Virginians. That is to despise, or at least affect to despise, almost everything of a colonial origin. The great novelist plainly implied in his story of the visit of the Esmonds to the land of their father that the hatred or the contempt with which they were received and the air of condescension with which they were treated, being common to all visitors from the colonies of that day, had a chilling effect upon the loyalty of the colonials and ultimately bore fruit in the rebellion of 1776. A different spirit prevails in Great Britain at the present day beyond question. Still the old familiar patronizing air manifests itself occasionally, and it is naturally resented to some extent by visitors from the Dominions beyond the seas. The Esmonds were sportsmen, according to the novelist, and proved that in deeds of physical skill and prowess they were not a whit inferior to their relatives who had been born and bred at home. The Australians of a later day have given a few convincing demonstrations in the field of athletics also. And Canadians, while they are comparatively few in numbers, have proved that they can run and shoot and row in company of the first class. Mr. Guy Nickels, a British amateur sculler of some fame, told readers of British newspapers a few days ago that the Winnipeg rowing crew were lacking in finish and style and that he could not see the slightest chance of their meeting with success at the Henley regatta. Yet the gallant Winnipeggers proved themselves the masters of the best Great Britain and the continent could produce. But for them a German crew would have carried off one of the principal of the Henley trophies. The Canadian rifle team have thus far proved themselves at Biele worthy foemen of the most accomplished marksmen in the world. We are told that in some of the shooting competitions at the great national rifle meeting the British shooters will use the Ross rifle. Surely it is meet under the circumstances that acknowledgement should be made of the fact that some good things can come out of "the colonies." Banish the old insular spirit. It doth not conduce to the solidarity of the Empire. It is just as likely to prove unfavorable in its effects to-day as it was held to

### COST AND BENEFITS OF THE G. T. P.

Yes, it is true the National Transcontinental Railway will cost more than was originally estimated. And it is also true that there is not a railway under construction to-day on any part of the continent by a private company that will not cost vastly more before it is completed than the promoters anticipated. There is not a business enterprise in operation to-day that is not costing much more to conduct than was the case ten years ago. The price of everything has gone up. Labor, owing to the prosperous times and the unlimited demand, is at a premium. Particularly is this true of labor employed in the construction of railways in the wilds of the north. Yet no one, with the possible exception of politicians seeking for a grievance, will cavil at the extra cost of public works. No one desires a reversion to the conditions which prevailed fifteen years ago, when business in Canada was in a stagnant state, when the young men of the country could find nothing profitable for their hands to do, when thousands of them migrated annually to the United States, when the government assisted immigrants to come to the country and could not keep them after they arrived. The Grand Trunk Pacific Railway will cost the country a good deal of money, we admit. But it is a big undertaking. When completed it will be the finest railway on the continent, one of the best in the world. It will set a new pace in transportation in Canada, and the people of the country, particularly the people in the west, will be tremendously benefited by it. Indeed, the coast cities are experiencing great benefits already, although the road will not be in operation as a complete unit for a couple of years. There is one fact in connection with the new Canadian transcontinental line which interests subjectively opposed to it cunningly strive to obscure, while they dare not take open ground in their opposition. That is that the operating company after the lapse of a short time will meet all the interest charges on the cost of its construction. And the immense section from Winnipeg to Moncton will remain the property of the people, an asset of great present and greater potential value. No one will venture to take the position at this day that the construction of the National Transcontinental road should not have been undertaken.

### BIG STICK AS AN INSTRUMENT OF REFORM.

The Colonel has taken sides on the tariff controversy in the United States. He is going to take the stump in Indiana, the home of the Hoosiers, on behalf of the leader of the "insurgents." The fact that Mr. Roosevelt has stipulated that he will deliver only one speech does not detract in the slightest degree from the significance of the announcement. The vital point is that the most powerful political figure in the United States to-day (we might almost say the idol of the people) has identified himself definitely with the cause of tariff reform. His position is practically equivalent to an intimation to President Taft that he cannot accept his statement that the Payne-Aldrich act is a substantial measure of tariff reform, that it is one of the best pieces of fiscal legislation ever passed by Congress, and that it meets all the pledges given the people by the Republicans, even by President Taft himself, during the last presidential campaign. The significant thing is that Roosevelt has practically joined the "insurgent" army. (In case any of our readers are not familiar with the political situation in the United States as developed during the late session of Congress, the fact may be stated that the "insurgents" compose a band of guerrillas within the Republican party whose motto is real tariff reform as opposed to the bogus reforms the "regulars" claim to have initiated.) Taft stands by the position of the "regulars." Roosevelt is one of the "insurgents." There is therefore a mighty rift within the Republican party, and a mighty man is preparing to assist the seceders. If a revolt of a corresponding character were to take place in Great Britain or in Canada, the signs of the times would be taken as ominous for the party in power. But it is doubtful if the Democratic party in the United States is in a position to profit by the rebellion. We are inclined to think that before matters reach an extremity the regulars will capitulate and offer terms. Whatever the outcome as respects the parties, the United States is evidently nearer tariff reform than any well-wisher of the nation dared to anticipate a few days ago. If Roosevelt brings that about, it will be the greatest work of his career and will add to his already great fame.

Surgeons of continental Europe are famous for the deftness with which they wield the knife and for their physiological knowledge of the human body. But these dexterous gentlemen are now said to have rivals in the scientific realm of surgery, and doctors of the United States have made the discovery. On the last trip across the ocean of the Mauretania, a dispatch says, thirty American surgeons were the best band for London. Their

mission was to watch operations in the leading metropolitan and provincial hospitals. Here is what the Secretary of the American Society of Clinical Surgery, who personally conducted the "trippers," said to a representative of a New York newspaper: "We chose England for our visit because in no other country, not excepting Germany, are the surgeons so skilled, and in no other country are operations so adroitly performed. We have seen some excellent operations, although practically we have only just arrived. Our aim is to cure persons with the least possible risk and suffering, and by watching the most expert surgeons at work we are helped in our life's work."

Of course logically women ought not to be debarré from the franchise. They have it in Australia, that political, industrial and social Utopia of the South Seas, and no perceptible harm has befallen the race as a consequence. But we are told a very small percentage of the ladies of Australia take advantage of their privilege or right, and it may be that sufficient time has not elapsed for the development of the evils sociologists predict as an inevitable sequence of the revolution. Old-fashioned people, like ourselves, adhere to the now almost obsolete doctrine that there are two distinct spheres for the sexes, based upon physical conditions which are, and must remain, absolute. It may be, however, that the dividing walls are gradually being razed and that the day of parallel activity in all the avocations of life is at hand. The subject is a delicate one, and we hesitate to deal with it publicly as frankly as it ought to be handled. At the same time, how many more men can contemplate with equanimity the idea of their women folk attending and taking part in political demonstrations—"whooping it up" over great party victories, blowing trumpets and carrying blazing brooms? Brethren and sisters, the suggestion is repugnant to our old-fashioned and maybe conventional ideas of the eternal fitness of things. Still it may be that it is the political atmosphere that is at fault. However, we believe it is our duty to warn the Suffragette that if she insists upon an equal status with her inferior half, she must take the consequences of her new estate. She will forfeit her hitherto acknowledged claim to many special privileges.

Sir Hiram Maxim, the great inventor, suffers his thoughts to dwell continually on agents of destruction. He says aeroplanes will prove destructive machines in the next great war. Sir Hiram bases his belief on the fact that men aloft in planes could easily drop quantities of explosives upon warships and cities, and he contends that as the ships of the air travel very fast it would be all but impossible for marksmen on the surface of the earth to wing them and bring them down. Which may be very true, but would not the converse also apply? Would not the tremendous speed at which flying machines fly affect the aim of the men upon them handling the explosives. The limitation might not apply to dropping dynamite in cities, but it certainly would if the mark were a warship. Again, would civilization and humanity permit of such cold-blooded murderous work as dropping explosives in the midst of multitudes of non-combatants in cities? However, we hope Sir Hiram's interesting theory will never be put to a practical test. It is a long time since there was a war between European or American nations of the first class. The day will come, we believe, when such a conflict will be out of the question. In the meantime let us see whether flying machines cannot be utilized for some beneficial purpose.

The report of the arbitrators appointed to adjudicate upon disputed classification on the N. T. R. will show that there has been but comparatively little correction to make. The aggregate of the contracts has been about \$15,000,000, and the over-classification is only about \$200,000. Moreover, the percentage of payments held back will be ample to protect the government in any event.

To those good Conservatives who never lose an opportunity of deprecating the tour of Sir Wilfrid Laurier (and they constitute a vast majority of the party) we unhesitatingly recommend the example of Hon. Richard McBride. Get in the procession. Jump into the band wagon.

### PERSONAL.

J. Critchley, Sidney, is visiting this city.

Mrs. J. S. Burris, Kamloops, is visiting friends in this city.

H. H. Malcolm is among the visitors here from Nanaimo.

Miss Exley, North Saanich, is spending a few days in this city.

Mr. and Mrs. G. H. Page, Chemainus, are among the visitors in town from up the line.

Mrs. Gills held a very pleasant china shower at her home, 129 Cormorant street, on Wednesday. Games and music were kept up to a late hour. The house was prettily decorated with white flowers, and the many beautiful presents of chinaware were well appreciated by Miss Mina Wilson, who is to be married next Monday to Mr. Peter McKechnie.

To prevent the alteration of cheques or other valuable papers an inventive genius has brought out an electric apparatus which burns tiny holes in the paper as the inscription is written.

## A Great Value Giving Event in the Shoe Department

**Men's Fine Shoes Values to \$5 for \$2.50**

Our Shoe Department has been doing a wonderfully good business. Everybody kept busy supplying those purchasing. And remember, no matter how busy we are, you will find that careful attention is given everybody—not letting you leave unless perfectly satisfied with fit and value. Shoes for nearly every use are included in this offering. Regular values to \$5.00. For

## Dainty and Charming Muslin Dresses

**Regular \$6.90 for \$3.90**

A beautiful assortment of Muslin Costumes go on sale Saturday at substantial savings. These are in the new and dainty Princess effects, in white only. They are beautifully made with panels of embroidery down front and sleeves. Some of which are edged with lace. These have been regularly selling at \$6.90. Saturday at our July Sale..... **\$3.90**

### A Clearance of Ladies' Parasols To-Morrow at 90c, Worth \$1.50

## DOUBLE HEADER AT BALL PARK

SNOMOMISH TO PLAY  
HOME NINE TO-NIGHT

Steenon and Robertson Battery  
for First Game at the  
Royal Park

What is expected to be the strongest ball team out of the Northwest is here to-night and to-morrow afternoon when the Snohomish nine takes the field against Victoria at the Royal Athletic park. The visiting nine has played over 20 games this season and has won all but one of them.

The team playing here to-night will contain at least four of the Northwest league men, besides a number of men who have been playing practically errorless ball throughout the season in matches with state-of-Washington teams.

Among the teams which have been defeated by Snohomish are El Sidelos, Bellingham, Mount Vernon, Burlington, Spauldings, Victoria, Iroquois and Pioneers.

Among the list of teams there are those which Victoria nine has beaten pretty badly, and by good wide scores, as has the Snohomish nine, and the Victoria team looks to be about equal to the task.

As the team has been practising hard all through this week, and as every man is fit, there is no reason why the nine should not put up an errorless exhibition for the fans to-night.

Steenon will pitch to-night, with Robertson behind the plate, and to-morrow's game will probably be pitched by Peden. The final choice of pitchers for to-morrow will not, however, be decided until after to-night's game. The teams as they will appear on the diamond are:

Victoria.....	Snohomish.....
Robertson.....	Catcher.....
Steenon.....	Bunshine.....
Moulton.....	1st base.....
Murray.....	2nd base.....
McDiarmid.....	3rd base.....
Whyte.....	Short Stop.....
Wattelet.....	Right Field.....
Brown.....	Centre Field.....
Moore.....	Left Field.....

We may make the best of life, or we may make the worst of it, and it depends very much upon ourselves whether we extract joy or misery from it.—Smiles.

### NOTICE

Notice is hereby given that I intend to apply at the next sitting of the Board of License Commissioners of the City of Victoria for a transfer from me to J. A. Van Tassel, of the license to sell spirituous and fermented liquors by retail at the Colanet Hotel, situate at No. 201 Douglas street.  
Dated the 5th day of July, 1910.  
JOE FOSTER.

## SELECT A FAST LACROSSE TEAM

VICTORIAS BEST GOES  
TO MAINLAND TO-NIGHT

Kilmarnock Cup Game at Brockton Point To-morrow Against Vancouver

After one of the fastest and most conditioning practices the lacrosse team has had this summer, the selection committee, consisting of George Okell, S. Lorimer and J. Dukers, who carefully watched the men through the week, last night selected the team given below to leave to-night on the steamship Clamner for Vancouver, where Victoria to-morrow meets the Vancouver Athletic Club lacrosse twelve at the Brockton Point ground.

The inclusion of Petticrew and Sargison in the team is good for the Capital City, and the twelve on paper looks quite strong enough to bring victory home to Victoria.

The teams as they will line up to-morrow afternoon will be as follows:

Johnston.....	McDonald.....
Sweeney.....	Matheson.....
Stiles.....	Burns.....
Dakers.....	McQuaig.....
Okell.....	Donnahoe.....
Brynjolfson.....	E. Matheson.....
Leo Sweeney.....	Fairhillier.....
Cares.....	Gunn.....
Petticrew.....	Peacock.....
Sargison.....	Knight.....
Kroeger.....	Murray.....
Young.....	Gilmour.....

The game last night between the A and B teams was witnessed by a large following of lacrosse fans. The secretary of the lacrosse club announced this morning that the team will have nearly one hundred at the Brockton Point ground to-morrow from Victoria to urge the men on to their best efforts.

The competition has been keen to obtain places on the representative team, a most satisfactory condition, as it was thought that several of the players would be unable to get away for the trip. As the team is lined up at present it is hard to see where it could be strengthened. A win to-morrow places Victoria well in the lead, while

a defeat ties Vancouver with the Capitals. Intermediate Game. In the intermediate game between Victoria West and Oak Bay last night the former won by 8 to 3. For the winners Thomas scored three goals.

Corkle 2 and Semple 2. There was a marked improvement in the play of the Oak Bay twelve. **BASEBALL. GOING TO CINCINNATI.** Vancouver, B. C., July 8.—Manager

Brown, of the Vancouver club, has sold third baseman Dick Breen to Clark Griffith, of the Cincinnati Reds, for \$1,500 cash. Breen will be sent east at the end of the season.

## VICTORIA OARSMEN AT VANCOUVER.

Big Four—McCarter, stroke; Finlayson, 3; Davidson, 2, and Jesse, bow.

W. N. Kennedy, representing Victoria in the senior singles against Sinclair, of Vancouver, and Gloss, of Portland.

## FOOTBALL MEN MEETING UNION

AN AMATEUR SOCCER  
LEAGUE ON MAINLAND

Will Try to Draw Line Between  
Players—Trophy for the  
Province

In a further effort to straighten out the soccer situation in Vancouver and to separate the amateur clubs from the newly formed professional, the Vancouver branch of the B. C. A. A. U. last night determined to operate a new soccer league next winter, the teams entering playing under distinctly amateur rules, and having no connection whatever with the league formed and run by Con Jones.

The union is prepared to put up a handsome cup which shall represent the amateur soccer championship of the province, and will also take up the long pending dispute with the Vancouver District Association Football League.

Last winter difficulties arose over the status of several Vancouver players, who were declared professional. The other players in the football league took no notice of the rulings of the union, and continued to play with and against the men whose standing the union claimed had under the B. C. A. A. U. rules been imperilled. This action did not make matters better, but as further steps by the union would have touched every man playing soccer, many of whom play summer games, and take part in lacrosse and athletics, the union took backwater and did not take drastic action. It is now desired, apparently, to overlook the last season imbroglio and start out this year with a new league.

The soccer players decided that they were affiliated with the English association and not with the B. C. A. A. U. Under the rules of the latter they cannot be affiliated with both, because the English amateur definition and that of the union clash. It is to see how matters can be brought to an amicable settlement that the B. C. A. A. U. is meeting the football league on the mainland and discussing the situation.

## CHAMPIONSHIPS FOR SEPTEMBER

PROVINCIAL EVENTS  
DURING FAIR WEEK

Date Has Been Finally Set by the  
Amateur Union Officials

At a special meeting of the British Columbia Amateur Athletic Association held in Vancouver, the decision was reached to hold the B. C. amateur athletic championships during fair week in Victoria, starting September 28th.

The meeting further decided that the annual meeting of the union would be held here the same day. At this meeting the officers for the year will be elected and the consuls for the affiliated cities be appointed. The Victoria annual meeting will probably take place about the end of the present year, when the election of officers for the Victoria branch will be held.

The union some time ago offered to hold the championships in Victoria this year and the offer was accepted by the local branch. The date was left in abeyance until Vancouver could be consulted. It was at first proposed that the events be decided earlier than September but later the officials here got together with the B. C. Agricultural Association and tried to arrange the sports for the fair week.

As there will be no horse racing this year at the fair, except some amateur riders' races, it was thought the athletic championships would provide a good drawing card. The matter was taken up throughout the province and, has finally resulted in the date being set for fair week.

The only possible drawback to the date is the weather conditions which may possibly be bad at the time fixed, but the union is prepared to run this risk, and all other things considered, the time, if fine weather prevails, will be as suitable as an earlier one.

## TWO CRICKET GAMES IN TOWN TO-MORROW

The Albion cricket teams for to-morrow which play against the Victoria and the Empress eleven are as follows:

Victoria C. C. at Jubilee hospital—C. W. Scott (capt.), W. Gregson, D. Hallam, E. Parsons, H. H. Pegler, J. Wicks, E. W. Imray, G. Barnard, R. C. Cooper, F. W. Ashby and M. B. Lloyd.

Empress C. C. at Beacon Hill—R. White (capt.), H. F. Hewett, H. E. Southern, H. J. Wicks, S. A. Staden, H. O. Kirkham, C. I. Clegg, R. Winter, J. Anderson, C. A. Forsyth and W. Best.

## RICKARD TALKS OF FIGHT DEAL

### CONTRACT SIGNED UP BEFORE BIDS OPENED

### Agitation Continues Against the Showing of Moving Pictures

San Francisco, Cal., July 8. — Tex Rickard, the man behind the late unpleasantness at Reno, reached San Francisco yesterday and opened up on the inside workings of the Jeffries-Johnson fight deal in a way that will teach Rickard and Gleason's opposing bidders for the big scrap some new things about the game.

According to Rickard, the opening of the bids in New York was a mere formality. Two days before the fighters, their managers and the moneyed gentlemen who had ambition to stage the fight, gathered in New York to out-bid each other, Rickard and Gleason had the matter clinched and signed contracts in their inner pockets. If their rivals had put up a million they could not have handled the "battle of the century."

"I had both fighters signed up two days before Uncle Tom, McCarey and the others put in their bids," said Rickard, grinning broadly. "There were no other bids considered. The other promoters were double-crossed; they didn't have a look in. I signed both Johnson and Jeffries to fight for me. I dealt with Johnson personally and with Berger for Jeffries. Each fighter thought the other was being double-crossed. First I gave Jeffries a bonus of \$10,000 and he thought Johnson was getting the worst of the deal. Then I gave the same amount to Johnson."

Rickard scouted the idea that Jimmy Coffey was in for one cent of the profits. Gleason, he said, was in on

the deal with him only because Jeffries and Berger insisted. Before he could sign the fighters, Rickard said, he had to put up \$22,000 with the stakeholder, who was then agreed upon. He also lent Johnson \$10,000.

Rickard was jubilant over the financial outcome of the fight. He declared the fight drew \$270,775, of which Gleason and he will get \$120,000 in addition to one-sixth of the picture receipts.

"And since we get the first third of every thousand dollars," he remarked, "I guess we are pretty safe, despite the anti-picture agitation. I don't know what politics are behind this picture agitation," said Rickard, "but you can gamble that it's cooked politics. You've got a fine governor in California. He told me before four witnesses that he would not interfere with the fight. Then he denies that he said he wouldn't interfere."

Rickard said his next effort would be to stage Sam Langford and Tommy Burns.

The agitation throughout the United States against the exhibition of the Johnson-Jeffries moving pictures continues the biggest movement being made by the Christian Endeavor Society, for which Secretary Shaw, of Boston, has wired all the state governors asking that they prevent the pictures being exhibited in the states of which they are the head executives.

From a number of replies received to-day it is plain the majority of officials are against the exhibition. The governor of Virginia, where the colored population is considerable, is against it and has replied that he will work to prevent the pictures being shown. Arkansas, Maine, South Carolina, Alabama, South Dakota, California, are against the pictures, while replies stating the laws do not provide for the prohibition have been received from the governors of Rhode Island, Utah and Montana. The agitation is being kept up and other replies are expected. Meantime the society is addressing the civic officials of the thousands of towns in the United States.

The attitude of the moving picture people, however, is one of fight. A dispatch from New York this morning recording an interview with Thomas Lubin, the millionaire motion picture magnate, is as follows:

"The moving picture companies have spent nearly a quarter of a million dollars to perfect pictures of the Jeffries-Johnson fight and we will not yield without testing the reports of states and cities in barring out the fight pictures."

Thos. Lubin, the millionaire motion picture magnate, announced the decision of the picture promoters to fight the movement against the pictures that has spread through the country. "We have spent too much money," continued Lubin, "not to make a legal fight to display the pictures and we are confident that the efforts to prevent the exhibition will not succeed. In addition to paying the fighters for their rights in the venture, we were compelled to spend large sums for special fences and films and for the operation of 12 machines at the ringside."

**ALLEGED GRAFT.**  
Montesano, Wash., July 8.—Most of the newspapermen of Chehalis county were in the courtroom here to-day, when the grand jury began the second day of the investigation of an alleged \$15,000 graft in the erection of the new \$200,000 county courthouse.

**CAUTION.**  
"Your wife boasts that you called on her every night for six months before you married her."

"Yes. In that way I escaped the necessity of writing any love letters."—Chicago Record-Herald.

## PRO QUESTION UP IN WINNIPEG TEAM

### Shamrock Amateurs Agree to Play the Montreal Twelve To-morrow

Winnipeg, July 8.—The action of the Shamrock Lacrosse Club in deciding to play the exhibition game with the champion Montrealers here on July 9th, despite the ruling of the M. A. A. A., which does not allow them to play with or against professionals, promises to make a split in lacrosse circles in Winnipeg and the west, which will take some time to remedy. At a meeting of the executive committee of the Shamrock club a final decision was reached and the secretary was instructed to go on with the arrangements already started with the Minto Cup challengers. This means that the players will become professionals, and unless the C. N. R. also break away from the M. A. A. A., there will be no more senior lacrosse in the city for some time, at least. President Quinn, of the railroad club, stated last night that he did not think his club would sympathize with the Shamrocks in their movement as there were many members who did not want to be barred from amateur sport. However, the boys had not considered it, but Mr. Quinn was pretty sure that they would stick to the amateur body.

If the Shamrocks persist in opposing the easterners and the C. N. R. decide not to join with them, it will mean the death knell of lacrosse in Winnipeg for some time. This seems unfortunate, as Canada's national sport was just starting to get on its feet again with the two city clubs putting up a stiff argument. Furthermore, as there were many young players among them, the chances of better lacrosse in the future seemed imminent. It is to be hoped that the Shamrocks, when they find the C. N. R. will not back them up, will change their minds. As suggested they could play the game by taking a subscription among the enthusiasts of the city, and throwing the gates open for everybody to watch the play free of charge.

### COLLEGIATE SCHOOL SPORTS YESTERDAY

### Bishop of Columbia Present to Address Boys—Results of Races

In the presence of the Bishop of Columbia and a large attendance of guests and parents, the students of the Collegiate school yesterday afternoon held the annual sports. The bishop addressed the boys and corrected a rumor to the effect that the school was about to abandon its work. There were other addresses, and a long list of sports were contested, the results being most satisfactory in point of time and condition of the contestants. The complete results were:

Broad jump, under 14—1, Haight; 2, Geiger; 3, Smith. Length of winner's jump, 13 feet 9 inches.

Broad jump, over 14—1, Ogden; 2, Lafferty. Length of winner's jump, 16 feet 10 inches.

100 yards dash, under 12—1, Pauline; 2, Rochford; 3, Smith.

High jump, under 14—1, Haight; 2, Geiger; 3, Smith. Height of winner's jump, 3 feet 11 inches.

High jump, over 14—1, Mounce; 2,

Ogden; 3, Carew. Height of winner's jump, 4 feet 5 inches.

Three-legged race, under 13—1, Geiger and Wilkerson; 2, Rochford and MacDonnell.

Egg and spoon race, open—1, Haight; 2, Rochford; 3, MacDonnell.

220 yards dash, open—1, Lafferty; 2, Ogden; 3, Rochford.

Three-legged race, over 13—1, Lafferty and Ogden; 2, Wilkerson and Baxter; 3, Smith and Bird.

100 yards dash, under 14—1, Simpson; 2, Knight; 3, Haight.

Putting the weight, open—1, Mounce; 2, Ogden; 3, Lafferty. Distance, 30 feet.

100 yards dash, over 14—1, Lafferty; 2, Rochford; 3, Baxter.

One-half mile, open—1, Ogden; 2, Boxter; 3, Smith.

Sack race, open—1, Carew; 2, Rochford; 3, Nicholson.

Tug-of-war.

Pole vault—1, Ogden; 2, Mounce.

Consolation race—1, Ross; 2, MacDonnell; 3, Holden.

### TALKS HOPEFULLY OF SPORT OF MOTOR-BOATING

### F. M. Foulser Tells of P. I. P. B. Association's Past, Present and Future Work

What the Pacific International Power-boat Association has done, is doing, and hopes to do was the subject of a conversation between a Times reporter and ex-Secretary Foulser, of the association, the other day. Mr. Foulser, whose retirement is generally regretted by the power-boat men, has been forced to give up his position in order to devote more time to his business which he has now removed to Vancouver from Seattle.

"To briefly review the work of the association," said Mr. Foulser, "we must go back to the time of its organization three years ago. The occasion was the finish of the first long-distance power-boat race ever held on the Pacific and the initial suggestion, which I believe, emanated from myself, was that an auxiliary of the Northwest International Yacht Racing Association be formed for the power-boat men. This matter was discussed at the meeting of the Royal Vancouver Yacht Club which followed the finish of the race and was received with great favor. The enthusiasm of the motor-boat men, however, carried the matter further and a separate organization, the present association, was later formed. In the three years of its existence the association has accomplished a great deal in elevating the sport as is shown by the craft which finished in last Sunday's long-distance race. These boats represent the highest type of cruisers so far designed for use in local waters and their evolution from the types which were seen in the first race is somewhat remarkable, considering the shortness of the time which has elapsed."

"The association has grown from an organization of a purely local character to one which is everywhere recognized as an active body in promoting the interests of power-boating. In proof of this let me say that the P. I. P. B. A. has been asked to affiliate with the leading international and national bodies and that I have received requests from magazines both in America and Europe to furnish illustrated articles on the present races. Two or three years ago the lack of interest in motor-boating throughout British Columbia and on the Sound was a fact often commented upon by the few enthusiasts who were in the game. I think the races this year have done more to furnish information for the designer and builder as to the most

suitable type of boat for use in these waters than any that were held before. There has, of course, been considerable ground for disappointment on the part of certain owners and the association has made mistakes and met many obstacles, but it is certain that the sport has already been brought to a high standard, while the stimulation of interest among the owners and the exploitation of new territory has more than repaid those who have interested themselves in organizing the races."

"The association's plans for the future comprise a campaign of education which has, as its object, the development of the best possible type of boat and the creation of an increased interest in cruising. Our chief aim is not, as some may suppose, to hold races, but to place motor-boating in the front rank of open-air sports. The social side has so far been almost neglected, which is easily understandable in a comparatively new country, but we hope to stir up more of the spirit of bon camarade. It is absolutely necessary that the fraternal side of the game must be played up until all motor-boat men, whether they boast a sixteen-footer or a fifty-foot double-decker, will meet on equal grounds as brother sportsmen. I hope that it will not be long before 100 boats will compete in the long-distance races where ten now participate."

"I am glad to see that Victoria is not behind in the game. With the facilities which this port affords for motor-boating and the large interest which is taken in water sports generally there is no reason why Victoria should not be in the front rank before many years are past."

## Only To-morrow Left To Take Advantage of This Hat Sale

A Record  
Business  
Being Done

Regular \$3.50 and \$4.00

**FINCH & FINCH** 1107 Gov't St.

## THORPE'S SODA WATER

Made From Water From Which All Germs  
Have Been Removed

ter the automobile business after his theatrical engagement is done.

Snohomish ball team plays here to-night. Victoria nine will line up its strongest team to-night and also to-morrow against this strong side. To-night's game starts at 6.30 o'clock.

The All-American Rugby football team, composed of students of California universities, beat the Orange team, Sydney, N. S. W., by a score of 11 points to 9, on Wednesday.

The yachtsmen have left but will be back again in Victoria next year. The desire of the yachtsmen to return is the most flattering tribute that could be paid to local hospitality.

The regatta was finally completed yesterday when the Gwendolin beat the Rival over the regulation course. There were only three boats out, the Iola having the misfortune to split her mainsail.

Last night and this morning the visiting yachts went off on their long home journey. Some went under sail, but a number whose crews are anxious to get back earlier used their auxiliary engines.

A word of praise to Secretaries James and Jarvis for their able work in connection with the regatta. All the yachtsmen, both at home and from abroad, spoke highly of the efforts of these energetic workers.

The United Commercial Travellers' ball team last night played the Empress nine in a city league match and won by 7 to 5. The batteries were for the winners, Hallett and Gregg, and for the Empress S. Winsby and John.

The city league standing is:—

Beacon Hill ..... 5 0 10  
Prides ..... 3 2 6  
U. C. T. .... 2 2 4  
Empress ..... 1 3 2  
Knights of Columbus ..... 1 3 2

ter the automobile business after his theatrical engagement is done.

Snohomish ball team plays here to-night. Victoria nine will line up its strongest team to-night and also to-morrow against this strong side. To-night's game starts at 6.30 o'clock.

The All-American Rugby football team, composed of students of California universities, beat the Orange team, Sydney, N. S. W., by a score of 11 points to 9, on Wednesday.

The yachtsmen have left but will be back again in Victoria next year. The desire of the yachtsmen to return is the most flattering tribute that could be paid to local hospitality.

## "Iced" Tea How to Make It

Use about one-quarter more of the dry leaf than you would when making tea to be served hot. Pour on boiling water and allow tea to steep five minutes (all the good can be extracted in that time). Pour off the tea into another vessel and allow it to cool gradually. Never use any artificial means of cooling until ready to use; then ice and lemon may be added.

### Don'ts

Don't pour hot tea on ice. If you do its delicious flavor will be dissipated. Don't put hot tea in the refrigerator to cool. If you do it will spoil in short order. Iced tea should be made two hours before serving, to give it time to gradually cool.

Ask your grocer for "Salada" Tea or send for a free trial package. We mail it without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

There are nearly half a million vehicles of all kinds in Paris, with 30,000 hand-carts and 9,000 barrows. In 1909 65,570 accidents were caused in the Paris streets by 81,508 vehicles. There was one summons for every 77 motor-taxicabs in Paris last year.

### PROPOSAL TO BUILD

#### PEOPLE'S PALACE

#### The Salvation Army Plans to Erect Ten Storey Structure in Vancouver

Vancouver, July 7.—A people's palace with all the necessary adjuncts for carrying on large and effective work, is planned by the Salvation Army in this city. Colonel Turner of Toronto, who has charge of the financial department of the Salvation Army in Canada, is in the city at present, and is pushing the propaganda to obtain money for this purpose.

What the army has in view is the erection of a ten-storey building fronting both on Powell and Alexander streets. On the ground floor on the Powell street side will be a gospel hall, and fronting on Alexander street will be the hotel entrance. It is proposed to equip the building with facilities of all kinds, including an employment bureau, bath, smoking room, barber shop, etc., all in the most up-to-date style, yet available to the people at the very cheapest prices. A poor man's legal department, where advice to workmen on matters of law may be given freely or for a merely nominal charge, is another accommodation that it is hoped to provide.

With the continued development of the city, the army has found it absolutely necessary to extend its operations, and its present quarters are altogether inadequate for its purposes. Colonel Turner has been authorized by Commissioner Combs to look after the work, and he is being assisted by Adjutant Bloss, Ensign Coy, Capt. Martin and others.

The new Dreadnought Téméraire has established a record for 12-inch weapons by hitting a target 14 ft. square at 2,000 yards range seven times in eight rounds within 1 minute 21 seconds.

Great pleasures may be rare, but it is the common variety of minor pleasures that make up the happiness of life.—Sarah Grand.

### MEETING OF VICTORIA POULTRY ASSOCIATION

#### Proposed Provincial Organization Discussed—Gathering in Van- couver Next Month

At the regular monthly meeting of the Victoria Poultry and Pet Stock Association, the formation of a B. C. Poultry Association was discussed. M. A. Juhl, the poultry-commissioner for the province, has been preparing plans for some time past for the formation of a provincial organization, and these were laid before the local men and received their endorsement.

A meeting is to be held in Vancouver during the week commencing August 15th, when this new body will be organized. The different poultry associations throughout the province will be represented at the meeting and each one will have an official on the executive committee. The Victoria association will select a delegate at the next meeting on the first Wednesday of next month.

Two papers were read, one on "Brooding Chickens by the Fireless System," by W. H. Van Arum, and the other by W. E. Nachtrieb on "Brooding Chickens by Artificial Heat."

Mr. Van Arum's address was very short, and during the course of his remarks he said that he had read a great deal about the fireless brooder and that he determined to test this latest method. Although this is his first year with the new method, yet he states that he has met with considerable success. Some of the chickens he raised by this method were laying at the age of four months and four days, which is a fine record.

In closing, Mr. Van Arum stated that he would go into the chicken business next year on this same line on a more extensive scale. He informed his listeners that one of these brooders cannot be successfully operated without twenty-five chicks. The steady black orpingtons are easier raised by this method than the weaker classes, such as the white leghorns.

The paper of the secretary, Mr. Nachtrieb, was lengthy and contained much information of assistance to the beginners in the chicken business in the island.

#### WOMEN'S WAGES.

New York, July 8.—In replying to the Countess Carlisle's statement that America produces thousands of working girls annually because the girls are tired of the drudgery in their homes and long to see the world, Mrs. Eva Valesh, general women's organizer of the American Federation of Labor, took a fling at "philanthropic hotels" and so-called settlement homes. According to Mrs. Valesh, such institutions, instead of assisting the working girl, actually help negligently employers to keep down wages, doing the working girls vastly more harm than good.

"I never knew of a woman working for any reason except necessity," said Mrs. Valesh. "The semi-philanthropic hotels, which are the homes of so many working girls, actually help employers to maintain a low scale of wages. To-day the employer who is urged to pay a living scale merely shrugs his shoulders and asks what is a living wage. He pays girls what they are willing to work for. The average weekly pay for women is only \$4.50 a week, the employers telling them, 'you can manage on that.' Board at somebody's settlement home for \$2.50 a week."

"Rather than raise wages, Mrs. Valesh insists that philanthropy lowers them. Unions, she declares, are the only real factors in increasing wages."

### TENNIS CHAMPIONSHIP OF COWICHAN DISTRICT

#### Gentlemen's Singles for the Hay- ward Cup Begin at Duncan To-day

(Special to the Times.)

Duncan, July 7.—Entries for the gentlemen's singles in the tennis tournament were in the hands of hon. secretary H. D. Morton at noon yesterday. The championship of Cowichan district carries with it the Hayward cup, which must be won three years for final possession. The present holder, L. E. Allen, has left the district and will not, therefore, be eligible to compete. Play will begin on the Duncan courts on Friday and will continue on Saturday.

The draw was made yesterday afternoon and is as follows: Stepney vs. Duncan; Huntington vs. Bagshaw; Barclay vs. Bandock; Lomas vs. Drakespear; Hale vs. Lyall; Gardner vs. N. Corfield; Freeman vs. the winner of Gardner and Corfield; Townsend vs. L. Smith; A. Maclean vs. E. Corfield; Rivaz vs. Kingston.

The championship for ladies' singles for Cowichan district, which also carries with it a Hayward trophy, will be played on the South Cowichan courts during the annual open tournament of the South Cowichan club on the 21st, 22nd and 23rd of July.

The annual open tournament in ladies' and gentlemen's singles and doubles and mixed doubles of the Duncan Tennis Club will be held on the 11th, 12th and 13th of August.

Duncan Notes.

Mr. Woodworth, principal of the Duncan school, is at present in Victoria with his class of high school pupils who are writing on the first year examinations in high school subjects. Nine pupils are writing. This is the first year that high school pupils from Duncan have taken this examination.

Mrs. Maclean, from Ucluelet, is paying a visit of a few weeks to her sons, Dr. C. G. Maclean and Alex. Maclean, of Duncan.

G. O. Day is making a ten days' trip to Northern British Columbia.

### CONVENTION OF POLICE CHIEFS

#### Vancouver Council to Be Asked to Grant \$1,200 Toward En- tertainment of Visitors

Vancouver, July 7.—At the regular monthly meeting of the board of police commissioners it was resolved to ask the city council for a grant of \$1,200 towards the entertainment of the police chiefs convention, which is to be held here on the first week in August.

Chief of Police Chamberlin pointed out that the occasion would present a great opportunity for disseminating an idea of the advantages of the city, since the chief constables from all the leading cities of the Dominion would be present. While as yet no definite programme had been drawn up, among the items to which they looked forward would be a banquet, an auto drive around the city, and a trip in the B. C. Electric Railway Company's observation car to Lulu Island, thence

### Stomach Ache and Diarrhoea

These common summer ailments are generally caused by the system trying to rid itself of some injurious or indigestible material which has been imprudently taken into the stomach, gulping down iced drinks and sudden changes in the weather.

The discomforts and suffering which result are easily prevented and quickly cured by Duffy's Pure Malt Whiskey, the great family medicine. It is an invaluable tonic for all people who suffer from the heat. It brings restful sleep, cools the blood and tones up and strengthens the whole system.

Dr. Lewis J. Davis, of Chicago, Ill., recently wrote: "I was a surgeon in the war of the Rebellion and have suffered ever since with chronic diarrhoea and disease of the liver. Whiskey heretofore would not agree with me, but I have no trouble in retaining Duffy's Pure Malt Whiskey. It also has strengthened and built me up."

Duffy's Pure Malt Whiskey is endorsed by leading clergymen, doctors, educators, nurses, lawyers, as well as business men and women in all walks of life. It is invaluable in the treatment of indigestion, nervous prostration, malaria, chills, low fevers and all diseases of the throat, the bronchial tubes, lungs and stomach. It is a heart tonic, and in old age, when the vital forces are yielding to the weight of years, it will bring strength and vigor to the muscular and nervous centres.

All druggists, grocers, dealers, or direct, \$1.50 a large bottle. Be sure you get the genuine; substitutes and imitations are injurious. Medical booklet, containing rare common sense rules for health and testimonials, also doctor's advice, sent free to any one who writes: The Duffy Malt Whiskey Co., Rochester, N. Y.

H. McEl, Hepburn, who is engaged in superintending the coal drilling operations on Tumbo Island, is a guest at the Empress hotel.

Miss Eva Le Blanc left last night on a visit to Prince Rupert and Stewart.

## Many Weddings In July

While June is the favored month for weddings, July is also a month of many weddings. Never in the history of this house have we had such a complete and comprehensive stock of goods, especially suitable for wedding presents, as right now. The house literally teems with splendid suggestions at all prices. And remember that when you purchase anything from here, our name on the box reflects credit on your judgment. It carries weight with the recipient. It is the unmistakable sign of good value. A gift chosen from this store is eminently worth the giving.

**SUGGESTIONS—Gold Jewellery, Pendants, Brooches, Scarf Pins, Bracelets, Cuff Buttons, Rings, Watches.**

**DIAMOND GIFTS—Rings, Pendants, Lavalieres, Brooches, Scarf Pins.**

**STERLING SILVER—Tollware, Purses, Card Cases, Vanity Boxes, Hair Brushes, Novelty, etc., etc.**

**OPERA GLASSES, LEATHER GOODS, WRITING PADS, CHANTECLER JEWELLERY, BELT BUCKLES, Etc., Etc.**

**Challoner & Mitchell Co., Ltd.**  
517 Government St., Victoria, B.C.

onions finely, and fry them in dripping to a nice brown, stir into them some rich brown gravy, boil up, season with pepper and salt, and serve.  
To make a carrot pie, scrape and boil the carrots until very tender, then mash, and to one cup of carrots, add one pint of milk, one-half teaspoon each of salt, cinnamon and ginger, one egg, sugar to taste. Bake slowly in one crust.  
Boards that are stained are apt to become lighter after a little wear; but if rubbed with paraffin oil they will again become darker. They may then be rubbed with beeswax and turpentine, when they will look as well as ever.

## The Evening Chit-Chat

BY RUTH CAMERON

Please, Mr. Masculine Reader! If such a thing exists—don't read a word further to-night.

And since, after that warning, of course the eye of every one of you is racing down the page I'll save you bitter disappointment by telling you my most innoxious reason at once.

To-night's topic can't possibly interest you.

It's just a few "doss-and-don'ts" of the millinery world.

They were most eagerly contributed by my milliner to distract my attention while I waited for the hat that was to have been done three hours before.

"Positively painful, isn't it, Miss Cameron, to see some of the outlandish things that people who have fairly good taste in other matters will put on their heads?"

"Tell you some of the things one should avoid in getting a hat? Well, let me see."

And these are the don'ts she evolved:

First of all don't put blue roses and green poppies and yellow geraniums, and all the rest of the flowers that never were on land or sea, on a hat.

There is nothing in worse taste than a flower done in some color it could not possibly be.

"In buying a hat get it to harmonize with the clothes you are going to wear it with, not only in color but in general style. For instance, don't get a lace hat to wear with a suit. That's about on a par with diamonds in the morning or a train and low neck on the street."

"Of course, you never should put flowers on plumes on a utility hat. Plumes aren't good taste for a walking or business hat anyway, and neither plumes or flowers look at all attractive after the first damp day. Always trim your utility hat with either feathers or ribbon. You can get much smarter effects with them and effects that will last much longer.

"You wouldn't think it would be necessary to tell people not to put flowers or feathers on a panama, but it is. Why, I've seen lots of people who were dressed in fairly good taste otherwise, walking around with that particular blunder on their heads.

"I mustn't forget to say something about the auto-bonnet craze. If a girl wants to mark herself 'cheap' in letters big enough to be seen as far off as she is, the best way is to go about the streets with one of those things on. I don't see why it isn't just as outre as it would be to wear a riding habit to your business or on a shopping tour and I don't believe anyone would do that.

"And while I'm talking about hats I must surely put in a word for the proper care of them. The summer hat needs its daily brush every bit as much as the winter one, but it doesn't seem to get it somehow. Of course, straw doesn't show the dust as felt does, but dust is there just the same and once the hat gets wet, the straw, if it is light, is apt to be badly discolored.

### HOUSEHOLD HINTS

Pies will be soggy if set on top of a hot stove after being baked.  
Stand charcoal in your larder and you will find that meat and milk will keep well.

When one is lying down the heart makes about ten strokes fewer a minute than when one is upright.  
Mattresses should be cleaned and re-made every three years if you want them to keep their springiness.

The orange is one of the best friends of the girl with the lovely complexion. It clears the skin marvellously.  
Strip all your beds before breakfast and place where they can get plenty of air, and, if possible, a little sun, too.  
Table linen in order to bring out the bright gloss that makes it attractive, should be dampened considerably before being ironed.

Half a lemon dipped in salt will do all the work of oxalic acid in cleaning copper boilers, brass tea kettles, and other or copper brass utensils.  
To freshen a room add a little turpentine to the water with which the floor is scrubbed. It will take away that close smell and make the room delightfully fresh.

If a fire requires blowing to give it a good start, it will be found that blowing down into the flames makes it burn up more quickly than if blown from underneath.  
When scenes are taken off the gridlites they should always be laid on a cloth or wire tray with the last cooked side down. This keeps them soft for a long time.

When starching Holland pinafores if a little tea is put into the starch used they will keep their color, instead of getting that faded appearance we all know so well.

Show raising should be encouraged in children, who must be taught to bite each mouthful thoroughly, as the saliva which is mixed with the food renders it easy to swallow and helps in its digestion.

Mattresses should be half-turned and allowed to stand in a draught, so that the air will play all round them. Pillows, too, should be treated in the same way if you want to keep them from getting musty.

Brown onion sauce is delicious with chops or roast mutton. Slice some

### As Snug as a Bug in a Rug

We have no bug beneath our rug. We have none in our bed. The scourge is past, we're free at last. Through Common Sense we're dead!

We used **Common Sense Bug Paste** in crevices and it worked splendidly. It is the only satisfactory Vermine Exterminator. The paste eat it greedily—and die.

25c, 50c and \$1, at all dealers. Remember! 1. Common Sense Rat Killer. Two kinds 12. Bedbugs and Roaches. All dealers and **COMMON SENSE MFG. CO. 14** 381 Queen Street West, Toronto, Ont.

"I suppose," began the inquiring summer visitor sagaciously, "that the wealth in this part of New Hampshire is in the soil."

The native regarded the shining blade of his scythe reflectively.

"I reckon it is," he mildly assented. "I don't know anybody hereabout that ever got any out of it."—Youth's Companion.

Every Woman Can Have Beautiful, Luxuriant Hair

**PARISIAN SAGE**  
That Glorious Hair, Radiant and Luxuriant, and Free from Dandruff  
IS CAUSED BY THE IDEAL HAIR DRESSING AND TONIC

Now that the clever women of America, ever anxious to improve their beauty, have learned that Parisian Sage, a remarkable and almost marvelous hair nourisher and beautifier, is almost entirely responsible for the charming hair of the ladies of France, the demand for it has become enormous.  
A chemist who analyzed Parisian Sage said: "It is the ideal dressing for the hair. The ingredients are so scientifically combined, that Parisian Sage is first of all a hair grower, because it surely destroys dandruff germs, and nourishes the hair roots."  
"Second, it puts life, substance and brilliancy into the hair, which improves the attractiveness of any one."  
"Third, it is very delicately scented; is not a particle sticky or greasy, and does not contain one atom of anything that could possibly injure scalp or hair."  
Parisian Sage is now sold all over Canada by progressive druggists, who are glad to guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.  
It is the finest dressing for children's hair that money can buy, and best of all, the price puts it where every family can afford to use it. A large, generous bottle for 50 cents. Made in Canada by Givroz Mfg. Co., Fort Erie, Ont., who fill mail orders, charges prepaid, on receipt of 50 cents. The girl with the Auburn hair is on every package.

## RAILWAY EXTENSIONS IN SASKATCHEWAN

Premier Scott Says Work is in Progress on Number of Lines Crop Prospects

"Drought has affected the crops of Saskatchewan only in a few localities," said Hon. Walter Scott, premier of Saskatchewan, during his recent visit to Edmonton a few days ago.

"The crops throughout the province are looking splendid, and I am very well pleased with the prospects of this year's harvest. I have been over the Goose Lake extension of the C. N. R. to Kindersley and the crops have not suffered to any extent from lack of rain. I have been over the G. T. P. and C. P. 3., and at Biggar, Unity, Scott and Wilkie crops are in splendid shape. East of Saskatoon on the Grand Trunk I have seen excellent crops at Watrous and Narmon. I visited Rosethorpe, North Battleford and Battleford. The crops there are also in splendid shape."

Hon. Mr. Scott thought that the harvest in Saskatchewan would be quite up to the average. He estimated the increase in acreage at 600,000 acres over last year. The increase in acreage for next year, he thought, would be greatly in excess of last year's, as everywhere the country traction engines were to be seen at work tearing up the virgin soil.

Premier Scott came into Edmonton over the C. N. R. from Battleford, where he attended a farmers' picnic. He thought that the country looked very well east of Edmonton.

Premier Scott stated that an unusual amount of railroad construction was being proceeded with this year in Saskatchewan. North of Battleford the C. N. R. were laying steel on a forty-mile section of their road which will run along the north bank of the Saskatchewan to connect with a branch line to run northeast from Edmonton. The G. T. P. were proceeding with works on the branch line from the main line which will connect Edmonton directly with Regina. A road was being constructed south from Moose Jaw which would meet the line of the Great Northern at the border of the United States and thus establish a through service from Edmonton to Minneapolis and St. Paul. Everywhere throughout the province a network of railway lines was being constructed.

The Saskatchewan Parliament buildings are to be ready for occupation this winter with the completion of one wing. The legislative chamber will be used for the next session of the legislature. The elevator commission which was appointed by the government to inquire into the grievances complained of by the farmers against the operation of elevators, had practically finished its inquiries. A sitting would be held in Winnipeg to examine grain dealers there and then the commission would be ready to report. By their report the government would probably be governed in its action. The elevator commission was the centre of interest in the politics of Saskatchewan at the present time.

## ALLEGED EXTORTION.

New York, July 8.—That extortionate fees were demanded of would-be-citizens by so-called lawyers, and even by organizations supposedly formed to assist aliens in becoming citizens of the United States, was the purport of testimony given yesterday before the congressional committee headed by Representative Wm. S. Bennett, appointed to investigate the conditions surrounding the issue of naturalization papers in this country by the federal and state authorities. One of the witnesses called was L. B. Elkowitz, secretary of the naturalization league. There is extortion practiced on aliens, he declared, by lawyers or those who call themselves lawyers. He knew one case where organizations have extorted money from would-be citizens.

## OF DOUBLE INTEREST IS THIS LETTER

It Reports a Remarkable Cure of Kidney and Bladder Disease From Belleville, Ont.

Also Recalls Mr. D. M. Waters' First Purchase of Dr. A. W. Chase's Kidney and Liver Pills and Ointment a Quarter of a Century Ago

When you read this letter you will readily understand why it is of special interest to us, for the druggist who sold the pills in this case gave his first order in 1885.

For twenty-five years Mr. Waters has watched the growth in popularity of Dr. Chase's Kidney-Liver Pills and other medicines, and can now point to hundreds of cures in Belleville and vicinity resulting from his recommendations of these well-known medicines.

If you are tired of experimenting why not use a medicine which has proven its undoubted control over diseases of the kidneys and liver? Let this letter convince you or send us for records of hundreds of other cases. Mr. Mark Ottrey, Bay St., Ont., writes: "I purchased two boxes of Dr. Chase's Kidney and Liver Pills from my druggist, D. M. Waters, Belleville, Ont., and the amount of satisfaction my wife obtained from their use has led me to ask my druggist to send you this letter."

"Mrs. Ottrey suffered considerably with kidney and bladder trouble, causing great pain at times. The trouble was very heavy and a bad color. After taking a few doses of these pills she felt better and when she had used the two boxes she was entirely well."

The definite, direct and specific action of Dr. Chase's Kidney and Liver Pills on the liver, kidneys and bowels enables them to bring about cure in the most complicated cases. One pill a dose, 25 cents a box, at all dealers, or Edmanston, Bates &amp; Co., Toronto.

## VICEROY HAS RISEN RAPIDLY TO FAME

Lord Minto's Successor in India Entered Diplomatic Service at Age of Twenty-Two

Sir Charles Hardinge, who has just been appointed Viceroy of India, in succession to Lord Minto, who resigns next November, and who is to be raised to the peerage, furnishes an example of rapid promotion in the diplomatic service seldom attained. He arrives at the pinnacle of diplomatic ambition at the age of fifty-two, a record beaten only once before by Lord Curzon, who became viceroy at forty.

But Sir Charles has spent many years in the diplomatic service, having entered it at twenty-two, when he went to Constantinople as attaché, and was lucky enough to come under the notice of Lord Dufferin, then ambassador, who made him his private secretary. Since then his promotion has been rapid, and he has served in nearly every capital of Europe and Asia. From Constantinople he went to Berlin, and from there to Washington, where he received promotion and became second secretary, and acted as chargé d'affaires for some time. After Washington he returned to the near east, serving at Sofia and Bucharest; went into the far east at Teheran for a while, and then to St. Petersburg as secretary to the embassy. He also served a short period as assistant under-secretary of state at the foreign office in London.

His brilliant abilities and the hard work he put in at these various places had already attracted the attention of his superiors, for the young diplomat was one who was never content with the mere prefatory discharge of his duties, but took every opportunity that came in his way to get thoroughly acquainted with the language, the manners and customs, and the national problems of the people among whom he lived. In this way he became fluent in Turkish and Persian. To these accomplishments, he adds the attraction of a distinguished appearance and the most charming manners, and it was chiefly owing to this art of being able to make himself pleasant that the late King chose him to accompany him on his tour of the European cities which he made shortly after his coronation.

sons and a daughter who has the curious first name of Diamond. Lady Hardinge, who was Woman of the Bedchamber to Queen Alexandra, is very beautiful and a fine violinist; among her most treasured possessions is a Strad valued at \$4,000. (She is an intimate friend of Queen Mary. One of her sons was page of honor to King Edward, who was his godfather, and he was chosen as one of the playmates of the children of the present King.)

**PILES**  
Dr. Chase's Ointment is a certain and guaranteed cure for hemorrhoids and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied, for, at all dealers or Edmanston, Bates & Co., Toronto.

**MAY SUPPRESS PICTURES.**  
London, July 8.—The movement in favor of government action looking to the suppression of the pictures of the Reno fight is extending to a considerable section of the House of Commons. Both parties support the movement.

Some of the morning newspapers advocate a general suppression of pictures to prevent glove fights, which they say are promoted merely for the sake of the profits from the pictures. The question was discussed by the Glasgow corporation.

It may not be generally known that child suicides, so numerous in Germany, are nearly as common in Russia. During 1907 some 900 children under 16 years of age are said to have taken their lives in Russia.

We would like to show this to you at once and you will realize its value, and make the first payment out of proceeds from the sale of fruit this year.

### CLOVERDALE BOARD OF TRADE.

New Westminster, July 7.—At the first annual meeting of the Cloverdale Board of Trade, the following officers were elected: President, ex-Reeve Bowes; vice-president, S. Shannon; secretary, L. Carncroft; treasurer, D. Haddon.

The telephone question, a live issue to the district, was discussed at length, the desire being to bridge the telephonic hiatus that exists on the southern side between Delta and Abbotsford. This was referred to a special committee for report.

Secretary Wade of the New Westminster board of trade, in an address on the roads question strongly urged the necessity of systematic and organized work in which both the provincial government and the municipalities might co-operate, and in which the government would be asked by the Fraser valley boards of trade to contribute a sufficient sum from the government reserve funds to establish main trunk roads of a permanent character running east and west, the suggestions being that the municipalities themselves would undertake to construct roads north and south.

There can be no true rest without work, and the full delight of a holiday cannot be known except by the man who has earned it.—Hugh Black

### TEN THOUSAND WOMEN ON PARADE

Recent Demonstration in London Remarkable for Its Size and Organization

"The procession of women on Saturday evening from the Embankment to the Albert Hall, by reason of its size and organization was," says the London Morning Post, "a most striking exhibition of faith and strength, and during its progress probably won for their cause far more supporters among the tens of thousands of spectators than a whole series of disorderly assemblies on Parliament square. Altogether apart from its political significance it afforded a Saturday afternoon spectacle as pleasing from its color and novelty as it was impressive."

There must have been ten thousand women of all ages and social grades in the muster, and they came from all parts of the United Kingdom as well as from the Overseas Dominions of the Empire; but though it is true to say that every social grade was represented one could not help being struck by the meagre part which women belonging to what are comprehensively termed the 'working classes' played in the affair. The vast majority of the processionists were probably wage-earners, but almost altogether of the class not dependent on manual labor—members of the professions, clerks, business women, nurses, typists, writers, artists and so forth.

"The beautiful weather favored a display of summer costumes, and white was the prevailing tone, while the picturesque effect was heightened by the bouquets of spring flowers carried in the hand or tied to banners. Hundreds of banners were borne along, with mottoes, some appealing, some defiant, with now and then an appropriate sentiment from Shakespeare or Tennyson. Of music there was abundance, no fewer than thirty-seven bands being spread along the sections. For this part of the programme the services of men had to be requisitioned, as well as to act as bearers of the heavier banners."

### A Triumph of Organization.

The organization of the procession was admirable. Each of the seven sections into which it was divided had its section marshal, distinguished by a green sash, and its captain, with purple regalia, for each group in the section. The purple, green and white of the Women's Social and Political Union was to be seen everywhere, and the yellow, green and white of the Women's Freedom League was almost as noticeable. The sections were formed on the Embankment in two streams, each facing towards Hungerford bridge, and from this point they stretched to Westminster bridge at one end and across New Bridge street into Queen Victoria street at the other. The University section assembled in Whitehall Place.

"Mrs. Drummond, who acted as general, was mounted, and was assisted in ordering the array by two mounted marshals, the Hon. Mrs. Haverfield and Miss Vera Holme. The ladies, who rode astride, were tastefully habited in navy blue. With commendable punctuality the order to march was given at 6.30. At the head of the procession rode Mrs. Drummond, and following came the ladies' file and drum band of the Women's Social and Political Union. The musicians, with neat uniforms in the distinctive colors of their organization, significantly led off the musical pageant with the 'Marseillaise.'"

"Immediately behind the band came in the place of honor the women who have undergone imprisonment, some hundreds of them, each bearing a silver rod surmounted by a broad arrow, the badge of their suffering. Succeeding these sections were—section marched past in seemingly endless array, 'with beauties every shade of brown and fair.' The University graduates, all clad in cap and gown, were marshalled under separate banners for medicine, science and arts, and in the same section walked a group of men graduates of Cambridge University. The procession took an hour and a half to pass Trafalgar square."

Hall. At the former speeches were delivered by Mrs. Pankhurst, Mrs. Pethick Lawrence, Miss Christabel Pankhurst and the Earl of Lytton. In twenty-five minutes 14,500 was subscribed to the fighting fund.

### WHERE DANDIES MET.

The Old Bell Tavern of Pall Mall—Neil Gwynne's Home.

The ancient thoroughfare of Pall Mall, which in its checkered history has witnessed so many outward changes and with whose very stones one might almost say are bound up the social records of a by-gone age, its romances and tragedies, its amusements and scandals, is about to undergo another transformation.

The Old Bell Tavern, standing at the corner of what used to be called John street, but which is now practically included in St. James' Square, adjoining, is doomed to go the way of many another building which, while it survived in that region, formed an interesting link between the past and the present. After having served the admirable purpose of a house of refreshment for centuries the tavern is to be removed and in its place in due course will arise an automobile show room, quite in the modern style.

Among all the notabilities who made Pall Mall their home Neil Gwynne will always assert her own place in the imagination of the romantic. Tradition has not always spoken accurately as to the precise locality of the mansion which the royal favorite inhabited, but it is now pretty well accepted that the house occupied the site on which now stands a part of the Army and Navy Club. The residence, sometimes erroneously attributed to her was actually inhabited by another notable personage, Moll Davison, a young actress whose professional career we are told, presaged certain features similar to those of Neil herself. But this house was not the only one which Neil Gwynne tenanted in the thoroughfare. In 1871, as we are told, she crossed to the park side of the street.

Who can doubt then that in the days before the club became an institution the Old Bell, standing in the very thick of it all, was a favorite resort of the citizens who walked abroad? There men supped their port, discussed the latest scandal of the day, tore reputations to tatters. A school for gossip the place doubtless was just as much a shrine of Bacchus as a haven of good cheer in daylight and dark. One can picture the company that was accustomed to gather under the oaken beams

### PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What I most wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this."

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.

## SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister. Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties—Must reside six months in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00. COAL—Coal mining rights may be leased for a period of twenty-one years, renewable, at an annual rental of \$1 per acre; not more than 2,500 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined. W. W. CORY,  
Deputy of the Minister of the Interior.  
N. B.—Unauthorized publication of this advertisement will not be paid for.

MONEY TO LOAN.  
FIRE INSURANCE WRITTEN AT LOWEST RATES.

## KAMLOOPS SEEKS JOBBING RATES

## Board of Trade Will Take Matter Up With Canadian Pacific Railway

Kamloops, July 7.—At the regular monthly meeting of the council of the board of trade several communications were read, including one from the deputy minister of agriculture, asking for a permanent exhibit of grasses and grain for the botanical department of the department of agriculture. This was referred to the farmers' institute. The publicity department of the Canadian Northern Railway Company asked the board to prepare and send to the company's exhibition to be held at Kamloops on September 15th, an exhibit of local produce, particularly from the North Thompson valley. The president suggested that the request be complied with. Mayor Robinson thought this an excellent opportunity for establishing friendly relations with the railway company, and moved that an exhibit be sent. This was seconded by J. G. H. and carried. On motion the board voted the sum of \$25 to the sanitarium as a recognition of the courtesies extended the board by the sanitarium officials at the time of the visit of the university commission.

E. B. Drummond, for the mining committee, reported progress on the work of preparing an exhibit for the Spokane interstate fair to be held in October.

The president, Dr. Wade, asked the meeting to consider the advisability of forming an associated board of trade in Yale district. The board of trade of Okanagan and those of the Kootenay had formed associated boards and their example might be followed with advantage. Mayor Robinson thought the other boards should be written to for an expression of opinion and moved that he do so. Seconded by T. Calloway and carried.

Mayor Robinson thought the time had arrived when Kamloops should make an effort to secure jobbing rates from the C. P. R. He referred to a conversation he had had with Mr. Langman of the C. P. R. freight department on the matter and had been told that such rates could not be given until at least one bona-fide wholesale house had been established here. That has now been done by M. J. O'Brien, who had established a wholesale business here. It would mean a great deal to the city to have this recognized as a jobbing centre and two points should be striven for, one to obtain the wholesale freight rates from eastern points, and the second the distributing rates. He urged that the board take the matter up with the railway company at once and should the reply be unfavorable that the railway commission be asked to take the question in hand. He moved that the secretary write to the C. P. R. asking for jobbing rates for Kamloops. J. Milton seconded the motion, which carried.

On motion the president and vice-president of the board were appointed delegates to attend the irrigation convention to be held here next month.

## WILL BUILD NEW CHURCH.

New Westminster, July 7.—It has been decided by the congregation of the Sixth Avenue Methodist church to build immediately a new place of worship. A lot has been secured on Sixth avenue about Twelfth street. The present corner has been sold to George Adams for \$3,500. The new edifice will seat 500 persons as against 200 by the present structure. The total cost is estimated at \$10,000.

The building committee has already \$2,500 in the bank. Special services will be held on July 17th, when it is hoped to raise \$5,000 more.

## Uncle Walt The Poet Philosopher

Oh, the long-winded bore journeyed into a store, where the merchant and clerks were all busy; and he told an old tale that was moldy and stale, and made all the listeners dizzy; and he hummed and he hawed and he droned and he pawed, and no one rejoiced at his sally; and the foolkiller came and climbed onto his frame, and planted him out in the alley. Oh, the orator rose, and he talked through his nose, and he screeched like a vane on a steeple; and he pounded the slats of the vile plutocrats, and he wept o'er the woes of the people; and the tills we endured, and the griefs of the poor, had filled him with sorrow and dudgeon; then the foolkiller came and got onto his game, and swatted him once with a bludgeon. Oh, the man who sings bass through a hole in his face insisted all evening on roaring; he rended the limbs of our favorite hymns—his voice nearly ripped up the flooring; in vain did we hint that he'd do well to sprint, he said he would sing "Annie Laurie"; and the foolkiller yelled as the singer he felled, and buried his lungs in a quarry.

## MORE PHEASANTS FOR THE DELTA

Hundred and Fifty Young Birds Transferred From Chilliwack to Ladner

New Westminster, July 7.—The Delta is being restocked with pheasants. Bryan Williams, provincial game warden, was in the city Tuesday en route from Chilliwack, where he has been recently collecting some of the birds. He secured 150 young birds there and transferred them to Ladner, where they will be turned loose.

## NEW BOARD OF TRADE.

New Westminster, July 7.—Not to be behind the other municipalities of the Fraser valley, the residents of Coquitlam are now working on the formation of a board of trade. A public meeting was held in the municipal hall which was very well attended. C. H. Stuart Wade, of the Westminster board of trade, addressed the meeting on the work and aims of an organization of this nature. A large number of those present signified their intention of becoming members. E. Mercer was appointed secretary pro tem, and another organization meeting will be held on July 11th. In the meantime a committee of seven was appointed to canvass for members and they will put in a report at the next meeting.

With the formation of a board of trade at Coquitlam there will extend through every municipality in the Fraser valley a chain of organizations that can improve and look after the interests and welfare of the districts in which they are situated.

## OUTPUT OF COAL

Will Be Doubled  
Canadian Collieries Will Spend a Large Amount in the Comox District

Cumberland, July 6.—A representative of the Islander had an interview with Mr. Coulson, the manager of the Canadian Collieries, on the occasion of his flying visit to the mines here.

When asked as to the plans of the new company, as far as Cumberland was concerned, Mr. Coulson said: "It is the intention of the Canadian Collieries to get coal and lots of it. To do this will require a large expenditure for modern machinery, a very large increase in the number of men employed and a great expenditure of money. The most promising coal areas that the company possesses are in the Comox district, and it is here the great bulk of the money to be expended in development work by the company will be spent."

Mr. Coulson stated that the coal output would be greatly increased within the next two years, and when asked by the reporter whether this meant being doubled or tripled, Mr. Coulson smiled, and said: "You will be quite safe in saying the output will be doubled anyway."

The fear that has been expressed in some quarters that Cumberland might be abandoned as the centre of the company's working in the district, Mr. Coulson characterized as absolutely absurd. Not only would the town not be abandoned in favor of any other location, but the amount of work which the company would prosecute was certain to make the city one of far greater proportions than it is at present. The people of Cumberland, said Mr. Coulson, need have no fear as to the future of their town.

Regarding details, Mr. Coulson could say nothing. "I purchased two diamond drill outfits, so you can see we

## C. H. RICHARDSON

YACHT RACE TO HONOLULU.

Vessels Will Leave San Pedro, Cal. To-morrow Morning.

San Pedro, Cal., July 8.—Preparations were completed to-day for the annual American-Hawaiian yacht race which will be started from this harbor to-morrow. It was announced that Prince Cupid Kahanalanaole, Hawaiian delegate to congress, will be the guest of Captain Charles Wilder, skipper of the Hawaii, Honolulu's entry in the race.

California will be represented by three yachts—the Millini, sailed by Louis T. Ward, flying the Alameda yacht club colors; the Sweetheart, Commodore W. R. C. Smith, and the Winsome, Captain Lew Harris, entered by the South Coast Yacht Club of Los Angeles.

A score of pleasure craft will carry dozens of yachting enthusiasts of Los Angeles and San Francisco to the starting line to-morrow. The vessels will get under way about 9 o'clock.

## ROOSEVELT TO ASSIST SENATOR

(Continued from page 1.)

The issue here this fall is the election of a legislature which will either return Beveridge or choose a Democratic successor to him. John W. Kern, the announced choice of the state Democratic convention for the senate, is looked upon as something of a chronic candidate, and is also said to be a close ally of Thomas Taggart, the erstwhile state boss, who has been practically unhorsed by Governor Marshall. Kern has repudiated this idea, and his statements will have weight added to them should Governor Marshall enter the lists in his behalf. Indiana is undoubtedly in a state of political revolt. Even the regular Republican leaders admit this frankly. It is also said that a number of the old-line Fairbanks organization men are out to knife Beveridge. Whether the revolt will be capitalized by Beveridge under the insurgent banner, or by Kern under the Democrats, is a question admitted to hinge largely on the ability of Roosevelt as a political prestidigitator.

Roosevelt's Position.  
 Oyster Bay, N. Y., July 8.—Colonel Roosevelt has become just a trifle annoyed at the manner in which he is being pushed into the insurgent whirlpool.

Upon his return from abroad Roosevelt announced positively that he would keep out of the political swim for two months at least. While there seems now to have been little doubt that he was won over to the insurgents' cause after his meeting with Clifford Pinchot in Italy, the Colonel really desired to remain quiet until he could have an opportunity to hear both sides of the Republican factional fight. The insurgents, however, have claimed Roosevelt as their own and have not waited for invitations to visit their political mecca.

On the other hand the regulars, noting the apparent drift of the wind have held aloof.

The result has been that the press has by innuendo unofficially labelled Col. Roosevelt as the man behind the gun in the insurgent movement. So disastrous has this situation been, that Roosevelt's planned period of neutrality that he to-day asked the correspondents to make clear that the present drift of things was not of his making.

DARING ROBBERY.

Hamilton, July 8.—George Lynch, Hamilton, solicitor for the \$25,000,000 steel merger completed here recently, while returning from Montreal, where he was winding up the details of consolidation, was robbed of a grip containing the company's seal and many valuable papers in connection with the merger. He missed the grip just before reaching Toronto.

## FRIENDSHIP OF LATE KING AND JOHN BRIGHT

Origin of Attachment Between King Edward and the Great Commoner

The origin of the strong feeling of friendship entertained by King Edward for John Bright is explained by an interesting and hitherto unpublished story told to the editor of the Welsh Monthly Chronicle by Mr. Conah, a retired Manchester merchant, who was a personal friend of the great tribune. Mr. Conah heard the story from the lips of John Bright himself. On one occasion, he says, he was dining with the brothers Bright and a mutual friend named Bailey. In the course of the conversation at table Mr. Bailey used some strong expressions with reference to the late King, then Prince of Wales. John Bright turned to the speaker and said with some emphasis: "I cannot permit such expressions to be used in my hearing respecting one who happens to be my personal friend."

"Your personal friend?" remarked Mr. Bailey, in surprise. "You, the people's idol, on terms of personal friendship with Royalty?" Then John Bright explained. "The Queen has lost her husband," he said, "and now rarely appears in public. West End tradesmen and others condemn this habit of retirement for business reasons. For my part I think we should sympathize with the grief-stricken and bereaved. Speaking at St. James' hall recently, I said our Queen was a good woman, doing her best to keep court life pure; and now she was in sorrow it was her subjects' duty to comfort rather than condemn her."

"Next day one of the private secretaries of the Prince of Wales called on me and asked me to call on his highness. I consented to call at Marlborough house. When I called the Prince led me to his private room, and said: "Mr. Bright, my purpose in asking you to call upon me was to thank you personally for your kind references to my mother. Her Majesty cannot enter the whirl of society while her heart is still full of sorrow. She is my mother; I am her eldest son, and it grieves me to be personally unable to publicly defend my mother without laying myself open to misrepresentation. But your word, Mr. Bright, goes far, and I thank you for your kindly and considerate references. May I shake hands with you, and may I have the privilege of counting you among my personal friends?"

"Whatever my opinions may be about kings and princes," added Mr. Bright, "I could not but respond to a son making an appeal on behalf of his mother. We shook hands, and have ever since been close personal friends. I believe if the Prince lives to ascend the throne he will prove to be the best King our country has ever known."

Get Your Camp Furniture and Furnishings "Where the Most Is Shown and Sold"

## While the Berries Are Ripe

You'll Find Use For Such Pieces as These—See Them

They are Berry Sets to-day—a little later you can use them as preserve sets or salad sets. Quite a convenient bunch of china in the matter of practical uses, besides being a wonderfully good showing for the sideboard or china closet.

We have a big line of the newest designs, and now is the season of the luscious and numerous berry family, so come in and get a set. You can't kick on the score of price for these prices start from the bottom of the scale. We have 13-piece berry sets from \$1.50.

Of course there are others that cost more, and then, too, we can make up very smart sets from our splendid stock of French and Saxe china.

## You'll Not Find a Better Choice of Salad Sets

You'll have to visit some other town if you wish to see a better display of salad sets than this store offers. Not only is the choice of patterns interesting, but also the range of prices.

Now is the "season" of salad sets, though they are useable at all times. So get YOUR set to-day. We are showing some in our Government street window—glance at these and then come inside and learn some more about them—13 and 14-piece sets priced from \$14.00 to \$5.00.

## Big Choice of Salad Bowls

Salad Bowls in a wonderful variety of decorations and at many prices, may be found in this china store of ours. From the dainty pieces in French, Italian or Saxe china to the more common kinds selling at little prices, you'll find a satisfying choice.

Come in and go through this stock and get acquainted with the best display of salad bowls in the city. We are always pleased to see you here.

## Out-of-Town Orders Shipped Free

Out-of-town folks are again reminded that we make no charge for packing and shipping their orders—all prices being f.o.b. train or boat here.

Don't hesitate to send us your orders for china and glassware from your country home. Matchings for sets or other needs, the selection of which you may confidently leave to us, will have most careful attention. Just give us a price limit and a general description.

No matter what the distance and no matter what the size of the order, the packing will ensure safe carriage.

Try us with a sample order.

## Coin Gold Decorated Glass

There's a widespread craze for this rich gold decorated glassware and it's "fashionable" to own a few pieces now-a-days.

The glass is the finest blown crystal, with deep intaglio engravings of attractive designs, which are backed with genuine coin gold leaf, producing an effect that is unequalled in richness.

We have a special display of this glassware in our first floor showrooms, showing a great variety of pieces. We would gladly appreciate an opportunity to show you these, and you are welcome to come in at any time.

Hundreds of other interesting things to be found on this floor.

## Fruit Canning Accessories

Supply Your Wants From This Splendid Stock of Ours

We suppose you intend to put up some fruit this year as usual. You'll require something in fruit canning accessories, and we offer you the advantages of choosing from these excellent stocks of ours.

Berries are ripe and ready now, and other fruits will soon be pouring in. You have got to "take time by the forelock" when it comes to fruit-canning—so be prepared. Lay in a supply of the needfuls now.

Get new rubbers, new rings or new jars—don't risk disappointment by using the old ones once too often. Come in and see our offerings.

## FIRE DOES NO DAMAGE.

Blaze in Slashing of Michigan-Pacific Company at Jordan River Being Watched.

Reports from Jordan river state that the fire which was seen by the crew of the tug Nidge on Wednesday in the timber limits of the Michigan-Pacific Company, is of little consequence, and no damage has been caused by it. The flames, although covering a large area, are only consuming the brush in the slashing where the big timber has been taken out.

A fire warden is on the ground and plenty of men are available to cut off the flames if they threaten the standing timber. The latter eventually is, however, looked upon as unlikely.

## LORD BRASSEY'S VISIT.

London, July 8.—Lord Brassey will sail on Saturday for Quebec in his yacht Sunbeam. He goes to Canada to study the question of emigration of children and a scheme for the colonization of families. He will spend a month in Northern Canada, and will go west to the Pacific Coast.

## SAIL FOR CANADA.

London, July 8.—Hon. Sydney Arthur Fisher, Canadian minister of agriculture, and Archbishop Langevin sailed for home yesterday on the steamer Royal Edward. Right Rev. Arthur Foley, Winchester, Bishop of London, will sail for Canada in August to inspect the missions there.

## MAPS OF CANADA.

Ottawa, July 8.—The geographic branch of the department of the interior has just completed two huge maps of Canada which will be used for exhibition purposes. They are 15 feet by 9 feet 6 inches. One is a mineral map showing the location of all minerals of economic value throughout the Dominion and the working mines, differentiation being obtained by means of various colors. The scale is 20 miles to the inch. The railway map shows the railway systems in different colors, and also the proposed government routes to Hudson Bay.

## INQUEST ON A CANARY.

The post-mortem examination of the canary belonging to one of the eight residents in Neal street, Long Acre, London, who narrowly escaped death from suffocation by some unknown poisonous gas was held at Charing Cross hospital laboratories.

The findings of the post-mortem have been placed before Sir Shirley Murphy, the medical officer of the London County council. An official report of the condition of the bird's blood will be submitted to the board of trade if the examination has thrown any light on the nature of the mysterious gas.

For the second year in succession the team from H. M. S. Pembroke, of Chatham, has secured the cups both for rifle and revolver shooting at the naval rifle meeting at Portsmouth. In the rifle match the Pembroke scored 990 to the Victoria's 888.

## RICE RICE RICE

Just to hand, a carload of China and Japan Rice, which we offer for a few days at live-and-let-live prices.
